## ITEM 6

**TO CONSIDER** the report of Fact Finding Committee constituted by the Vice-Chancellor to find out the facts of the allegations levelled against Dr. Ramadevi Nimmanapalli, Professor and Dean Faculty of Veterinary Sciences.

## NOTE

An allegation of using the address of University quarter for registering a profit making company and filing of patent where the name of Banaras Hindu University is not mentioned was raised in the meeting of the Executive Council held on November 1-2, 2020 and as per the decision of the Executive Council the Vice-Chancellor constituted a Fact Finding Committee consisting of the following to enquire into the facts of the aforesaid allegations:

1. Prof. V.P. Singh, Dean Faculty of Ayurveda & Chairman RAAC : Chairman
2. Prof. C.P. Srivastava, Dept. of Entomology & Ag. Zoology, I.Ag.Sc. : Member
3. Prof. S. Srikrishna, Dept. of Biochemistry, Institute of Science : Member
4. Sri Anand Vikram Singh, Deputy Registrar, IMS : Member Secretary

The committee has submitted its report concluding interalia the following:

“In light of Prof. Ramadevi Nimmanapalli admissions and evidences submitted to the committee, it appeared that use of residential address for operating a non government company and filing of patent where the name of BHU is not mentioned is due to ignorance without any malafide intention.”

The report of the committee is enclosed as **Annexure-6** for perusal.

The Vice-Chancellor has accepted the report and order to place before the Executive Council

The Executive Council may consider and decide.

**Report on allegations of using the address of University quarter for registering a profit making company and filing of patent where the name of Banaras Hindu University is not mentioned against Prof. Ramadevi Nimmanapalli**

**Background**

In compliance to the Executive Council resolution in its meeting held on 1-2 November, 2020, the Vice Chancellor has constituted an inquiry committee to inquire into the allegations of using the address of University quarter for registering a profit making company and filing of patent where the name of Banaras Hindu University is not mentioned against Prof. Ramadevi Nimmanapalli.

**Constitution and Term of Reference of Inquiry Committee**

To inquire into the allegations of using the address of University quarter for registering a profit making company and filing of patent where the name of Banaras Hindu University is not mentioned against Prof. Ramadevi Nimmanapalli, the University vide Notification R/GAD/Inq.Comm/59/10728 dated 03.11.2020 (*Annexure A*) constituted an inquiry committee comprising the following:

1. Prof. V.P. Singh, Dean, Faculty of Ayurveda & Chairman RAAC : Chairman
2. Prof. C.P. Srivastava, Dept. of Entomology & Ag. Zoology, I.Ag.Sc. : Member
3. Prof. S. Srikrishna, Dept. of Biochemistry, Institute of Science : Member
4. Sri Anand Vikram Singh, Deputy Registrar, IMS : Member Secretary

**Procedure Adopted**

*The first meeting* of the Committee was held on 06<sup>th</sup> November 2020 at 3.00 p.m. in the chamber of Prof. V.P. Singh, Department of Medicinal Chemistry, Faculty of Ayurveda, IMS. The Chairman briefed the committee about the term of reference of the committee and procedure to be adopted to proceed further in the enquiry. The timeline for submission of report was also discussed. The Member Secretary informed the Committee that Prof. S. Srikrishna, Dept. of Biochemistry,

*upsingh*

Institute of Science, one of the members of the Committee is out of station till 16.11.2020 and he has consented to be present in the ensuing meetings through online mode or on telephone during the proceeding of the meetings.

It was decided by the members that Prof. Ramadevi Nimmanapalli, Faculty of Veterinary & Animal Science be directed to appear before the Committee on 09.11.2020 at 03:00 pm in the chamber of Prof. V.P. Singh, Deptt. of Medicinal Chemistry, Faculty of Ayurveda, IMS, BHU. (*Annexure B*)

*The second meeting* of the Committee was held on 09<sup>th</sup> November 2020 at 3.00 p.m. in the chamber of Prof. V.P. Singh, Department of Medicinal Chemistry, Faculty of Ayurveda, IMS. Vide letter no. IMS/DR/2020-21/10433 dated 07.11.2020 of the Committee, Prof. Ramadevi Nimmanapalli, Faculty of Veterinary & Animal Science was directed to appear before the Committee on 09.11.2020 at 03:00 pm in the chamber of Prof. V.P. Singh at Department of Medicinal Chemistry, Faculty of Ayurveda, IMS, BHU. Prof. Ramadevi Nimmanapalli appeared before the Committee and narrated the facts about the allegations made against her to the Committee. Prof. Ramadevi Nimmanapalli also submitted a written reply (along with enclosures in 10 pages) to the Committee which is as follows and same was taken into records of the Committee:

“Use of official residence for commercial purposes: I left India in 1994 for higher studies and never worked in India before joining Banaras Hindu University. I do not have knowledge of any rules or statutes that prohibit the aforesaid act of my husband. In absence of clear guidelines and affidavit statement, my residential address was used for corresponding address only by my husband in 2016 and he had no plans of commercial activity on premises. His company is a one person company (enclosed document) and I have no role in it (evidence enclosed). His company did not employ anyone on the premises, nor made any sale on the premises. In 2018 the company filed GST with outside BHU address (enclosed evidence of GST certificates with two addresses outside BHU) and GST was never filed with BHU address. In spite of hiring Chartered Accountant to get company paperwork done, the delay in getting things in order is a reality. The company outsources work and there was no necessity at any time nor was there any

V.P. Singh

necessity to do so. Company address at the moment is 'outside BHU' and can be seen in enclosed 'company master data' from Ministry of Corporate affairs website.

Awarded Patent was without employer permission and involvement: I and my husband worked abroad for decade, and during this time I happened to have assisted in the ideation process for the patent awarded. My name is listed as inventor which carries no financial rights and my professional assistance did not take place during my current employment period (enclosed document). The patent was filed by KS partners from Hyderabad and their form for filing did not have designation column (attached). There was no intention to hide my association with my current employer as can be seen in address column in which, BHU residential address was given.

If University desires, I can change the address column to my professional address instead residential address so that University can take academic credit of that patent.

It saddens me to see my University has put me in this position, in spite of my sincere compliance and hard work with numerous evidential accomplishments. University choices in this matter would contribute to demoralize the committed employee and sets a bad precedence that will undermine outcomes.” (*Annexure C*)

The Committee also decided to obtain information/documents pertaining to allotment of quarter to Prof. Ramadevi Nimmanapalli, Faculty of Veterinary & Animal Science in this University from the office of the estates: Quarters allotted to her in BHU so far since her joining, all the forms/applications/affidavit copy submitted by her to your office for allotment of quarter, any guidelines/rules/statute regarding do's and don'ts in the University Quarters, does the Estate office provide any such guidelines/rules copy at the time of allotment of University quarters to allottee? (*Annexure D*)

### **Conclusion**

The Committee discussed the issue at great length and after detailed deliberations the committee reached to the following conclusions:

*U Singh*

Prof. Ramadevi Nimmanapalli was allotted quarter no R-20, Hyderabad Colony-Reader Grade (Priority Allotment as a special Case) as Senior Consultant on 07.01.2014 vide letter no Est/III/B119/3004-3009 of the Office of Estates. (*Annexure E*)

Prof. Ramadevi Nimmanapalli admitted that the address of her University quarter was used by her husband for registering Pranjal Bio(OPC) Private Limited (one person company) owned by her husband who was residing with her. She neither had knowledge of any rules or statutes that prohibit the aforesaid act of her husband nor any specific terms and condition was mentioned in her quarter allotment letter. Later on in the year 2018 when she came to know about it the address of the Company was changed and the first GST was filed by the company with outside BHU address. (*Annexure F*)

Further the address of the Pranjal Bio (OPC) Private Limited has already been changed to 46, Shivaji Nagar Colony, Mehmoorganj, Varanasi, UP, 221010 as shown on Ministry of Corporate affairs website. (*Annexure G*)

The patent was awarded in the name of Pranjal Bio Private Limited out of the work done by her husband and Prof. Ramadevi Nimmanapalli (assisted in its ideation process) prior to her joining in BHU. In the patent application, she has signed as inventor.

In light of Prof. Ramadevi Nimmanapalli's admissions and evidences submitted to the committee, it appeared that use of residential address for operating a non government company and filing of patent where the name of BHU is not mentioned is due to ignorance without any malafide intention.

This report has the consent Prof. S. Srikrishna, Department of Biochemistry through email.

Sir,

Sub: Your letter R/GAD/Inq.Comm/ 59/10728 DATED 3/11/2010

Above referenced letter raised two items as listed below.

- 1) Use of official residence for commercial purposes
- 2) Awarded Patent was without employer permission and involvement

My response can be found below under each item separately.

**Use of official residence for commercial purposes:** I left India in 1994 for higher studies and never worked in India before joining Banaras Hindu University. I do not have knowledge of any rules or statutes that prohibit the aforesaid act of my husband. In the absence of clear guidelines and affidavit statement, my residential address was used for corresponding address only by my husband in 2016 and he had no plans of commercial activity on premises. His company is a 'one person company' (enclosed document) and I have no role in it (evidence enclosed). His company did not employ anyone on the premises, nor made any sale on the premises. In 2018 the company filed first GST with outside BHU address (enclosed evidence of GST certificates with two addresses outside BHU) and GST was never filed with BHU address. In spite of hiring Chartered Accountant to get company paper work done, the delay in getting things in order is a reality. The company outsources work and there was no necessity to use premises for commercial purposes. There was no company name board displayed on premises at any time nor was there any necessity to do so. Company address at the moment is 'outside BHU' and can be seen in the enclosed 'company master data' from Ministry of Corporate affairs website.

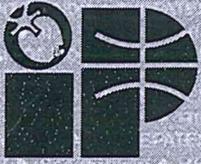

**Awarded Patent was without employer permission and involvement:** I and my husband worked abroad for 2 decades, and during this time I happened to have assisted in the ideation process for the patent awarded. My name is listed as inventor which carries no financial rights and my professional assistance did not take place during my current employment period (Enclosed document). The patent was filed by KS Partners from Hyderabad and their form for filing did not have designation column (attached). There was no intention to hide my association with my current employer as can be seen in address column in which, BHU residential address was given.

If University desires, I can change the address column to my professional address instead residential address so that University can take academic credit of that patent.

It saddens me to see my University has put me in this position, in spite of my sincere compliance and hard work with numerous evidential accomplishments. University choices in this matter would contribute to demoralize the committed employee and sets a bad precedence that will undermine outcomes.

Yours Sincerely,

  
(Prof. Ramadevi Nimmanapalli)

1	A method for inducing apoptosis, or increasing the rate or extent of apoptosis, in target cells. The method comprises the Steps of contacting the cancer cells with an apoptosis inducing amount of a tyrosine kinase inhibitor, imatinib mesylate, and a histone deacetylase inhibitor, Suberoylanilide Hydroxamic Acid (SAHA). The method is applicable to ameliorating the resistance of the accelerated and blast phases of CML (CML-BC) to imatinib mesylate. There are two parts of the application form i.e. PART-A and PART-B. PART-B is applicable for the post of Professor and Associate Professor only. Part A is based on the Appendix-II, Table 2 of the UGC Regulation-2018 whereas PART B is based on the Quality Parameters developed by the University. The shortlisting of the applications will be done on the basis of composite score obtained by the candidate in PART-A and PART-B.

<b>Innovative Contributions</b>		
<b>Innovative Contributions :-</b>		
23	First to introduce ultrasound technology in evaluating genetic variation in ultrasonic beef quality traits on live cows. Measuring beef quality traits on live breeding cows have an advantage of avoiding the delay and expense of progeny testing. Furthermore, it provides an opportunity to not only evaluate a-larger and more random samples of bulls within a population, but also to evaluate the genetic potential of females, thus increasing the accuracy of selection. (1)	0
24	First to sequence leptin, IGF1, IGF1 gene fragments in indigenous breeds of dairy cattle and other farm animals. A total of 16 such DNA sequences were submitted to NCBI Genbank online for other researchers to use. (1)	0
25	Innovation in identifying and describing various "Milkability Traits" in Holstein cows. An instrument called 'LactoCorder' was used to electronically record a total of 19 traits which were broadly classified into milk yield, milking speed, milking time and the electrical conductivity related traits. Later, milkability traits were shown to have an economic impact on milk production of dairy cattle. (1)	0
26	Introduced a method for genomic DNA isolation from hair root cells that can be used for further molecular genetic analysis such as PCR. Obtaining blood samples from cows requires man-power and an added stress to the milking cows. Our described method suggest use of hair samples instead of blood to isolate genomic DNA for further molecular analysis. (1)	0
