

GATI Nodal Officer's message

Name of the Nodal Officer: Professor Madhoolika Agrawal

Dean, Faculty of Science, Department of Botany

Email: dean_sci@bhu.ac

I am extremely happy in taking up the responsibility of GATI initiative of WISE-KARAN division of DST at BHU as Nodal officer to coordinate the program of gender equity in STEMM. Women education remained in forefront of higher education in BHU since its inception in 1916. Being an active researcher all through my career this opportunity will give me a chance to work with 29 other institutions in strengthening the efforts of our nation in the area of Gender equality in STEMM. My team of committed member at BHU looks forward a very vibrant policy to enhance the gender equity in STEMM.
