## **ANNUAL REPORT 2017-2018**

Distinguished Chief Guest of the Annual day .Hon'ble Minister of State, Health and Family Welfare, Sri Ashwini Kumar Choubey ji., Guest of Honour Ms.Tijan Bai, Dr.Neeraj Tripathi, Registrar and Actg. Vice Chancellor, Banaras Hindu University, Deans of Faculty of Medicine, Ayurveda and Dental Sciences, Medical Superintendent S.S. Hospital, Members of Executive Council, Professor In charges, College of Nursing and Trauma Centre, Faculty members, Invited guests, Medical Officers, Paramedical staff, Non-teaching staff, Dear students, members of electronic and print media, ladies and gentlemen.

The Banaras Hindu University, temple of learning, was founded by great educationist, visionary Mahamana Pandit Madan Mohan Malaviya ji in the year 1916. The University has enormous development since then in all the fields of education in the country. The founder of the Institute of Medical Sciences was Prof.K.N.Udupa and the Institute imparts education and carry out research activities in the areas of medical sciences. It is the only one of its kind in the country having 3 Faculties and one college, viz., Faculty of Medicine, Ayurveda, Dental Sciences and College of Nursing under its wings. The 1560 bedded Sir Sunderlal Hospital and a 334 bedded Trauma Centre, attached with the Institute is the only tertiary hospital to cater the need of population of Eastern Uttar Pradesh, Bihar, Madhya Pradesh, Chhatisgarh, Jharkhand and adjoining country Nepal. On this occasion, I on behalf of entire Institute fraternity pay respect to these great dignitaries. During last century, the Institute of Medical Sciences has witnessed tremendous progress having state-of- art facilities required for patient care, teaching and research.

I take this opportunity to welcome you all on the occasion of *58<sup>th</sup> Annual Day* Celebration of our Institute. Today, I am pleased to inform you that our Institute has been ranked among top ten medical institutions of the country during last several years. I am presenting before you the profile of the Institute as Annual Report.

## **COMPREHENSIVE EMERGENCY LIFE SUPPORT (CELS) COURSE:**

### **A GRAND SUCCESS**

Emergency medical care is one of the most crucial components of health care and is of prime importance to our country where mortality and morbidity is due to the lack of standardized emergency care. Every second, numerous events result in serious injuries threatening a life. These life threatening events mandate fast and appropriate action, and hence, trained and skillful persons is the need of the hour. Early and comprehensive approach of Airway, Breathing and Circulation are the most important aspects for survival of life in such dreadful scenarios.

With this idea we thought of formulating a course, especially for the health care providers, which will give them an opportunity of hands-on skill practice of managing life threatening scenarios. This gave birth to **Comprehensive Emergency Life Support (CELS) Course, the first of its kind in India.**

The **1<sup>st</sup> CELS course was conducted on 4<sup>th</sup> of February 2018**, as a “one full day” course, at our own Skill Centre at Trauma centre, BHU. The occasion was graced by respected Director, IMS-BHU, and patron of the course, Professor Dr VK Shukla, who inaugurated the ceremony. The course ran smoothly by coordinated efforts of Professor SK Mathur, Course Director, and Professor In-charge, Skill Centre and 15 other faculties of various departments of IMS, BHU. This was attended by 22 delegates including nursing staffs, paramedics, junior and senior residents of departments of ENT, Surgery, Orthopaedics, Dentistry and Anaesthesia, along with Emergency Medical Officers and Teaching Faculty. It was a huge success. This was considered as the first baby step of our idea of departing our knowledge for betterment of the needful.

Based on the feedback, huge response and continuous requests, we conducted our **2<sup>nd</sup> CELS course on 11<sup>th</sup> February, 2018**, with 31 delegates, which included interns of Faculty of Medicine, IMS, BHU, along with health care providers of various peripheral hospitals of Varanasi. We were lucky to have Professor Dr JP Ojha, Dean of Faculty of Medicine, IMS, BHU, with us, who was kind enough to inaugurate the 2<sup>nd</sup> CELS Course. The feedback we got from the delegates was, again, very encouraging.

With all the support and encouragement, we are planning to deliver the skill course in a similar manner to all the health care providers of IMS, BHU, and across the whole of Varanasi with a motto of “Service to Mankind”. Hoping for a similar kind of enthusiasm to “learn” the skills of comprehensive emergency care and to “serve” the needful.
