#### FOREWORD

I am pleased to learn that the Faculty of Science, Banaras Hindu University is bringing out 55<sup>th</sup> Volume of the "Journal of Scientific Research". This volume of the journal contains scientific contributions and reviews encompassing all the areas of sciences such as Earth Sciences, Physical Sciences and Life Sciences, contributed by scholars and researchers from other Universities and other faculties of BHU apart from those of Faculty of Science. I hope that this multidisciplinary journal will prove useful to teachers, researchers and students and in turn, will encourage more contribution of scientific articles from scientists of different disciplines.

I congratulate the Editorial Board of the Journal for bringing out this Volume. I am sure they will take all necessary efforts to further improve the quality and increase the circulation of the journal.
