About University

Banaras Hindu University is an internationally reputed temple of learning, situated in the holy city of Varanasi. This Creative and innovative university was founded by the great nationalist leader, Pandit Madan Mohan Malaviya, in 1916 with cooperation of great personalities like Dr Annie Besant, who viewed it as the University of India. Banaras Hindu University was created under the Parliamentary legislation - B.H.U. Act 1915.

Banaras Hindu University founded by Mahamana Pandit Madan Mohan Malaviyaji in 1916 is one of the most prestigious Central Universities in the country. The University was conceived as a residential University, keeping in view its objective of complete character development and thorough mentoring of students. Perhaps this is the only University in the world where courses ranging from nursery and primary school upto Post Doctoral degrees are taught and pursued within a walled campus spread over 550 Hectares (1360 acres) with majestic buildings of great architectural delight. BHU is organised into 6 institutes and 14 faculties and about 140 departments. As of 2017, total student strength is approximately 27000 coming from 48 countries.

At the 21st Conference of the Indian National Congress in Benaras in December 1905, Malviya publically announced his intent to establish a university in Varanasi. It was Mahamana's vision that this centre of life and light, will produce students who will not only be intellectually equal to the best of their fellow students in other parts of the world, but will also live a noble life, love their country and be loyal to the Supreme Ruler. He believed that a teaching university would but half perform its function, if it does not seek to develop the heart power of its scholars with the same solicitude with which it develops their brain power.

Alumni and faculty of BHU have gained prominence in India and across the world. Some of the notables includes Raj Narain, C.N.R Rao, Harivansh Rai Bachan, Narla Tata Rao, Bhupen Hazarika, Satish K Tripathi and many more.

Ranked 3rd in University category by National Institutional Ranking Framework operated by Ministry of Human Resource Development, Government of India. The university is known for its state-of-art campus, environment, standard academic facilities, values and culture. Being a part of this great and magnificent university, housing unparalleled facilities and expertise of all kinds, the exposure and horizon of thinking of its students get enhanced. Banaras Hindu University is virtually a microcosm of the Universe

Recruitment Policy & Procedure

Internship and Placement Committee (IPC) at Faculty of Law, Banaras Hindu University, Varanasi is responsible for all placement related activities. The placement procedure is as follows:

1. The Placement Season begins in the month of July and goes up till May of the following year i.e. from July 2018 to May 2019
2. A formal invitations will be sent to various firms, companies, advocates and other organizations by the Internship and Placement Committee to take part in the recruitment process. All invitations will be inclusive of Job Notification Form (JNF), recruitment brochure, recruitment policy and other relevant information about the law college.
3. Each organization will receive individual student coordinator on behalf of IPC to assist them further till the end of the recruitment process.
4. The company should fill in the JNF and submit it to the Internship and Placement Committee as an email attachment in response to invitations to infolawrecruitment@gmail.com or as a hard copy to The Coordinator, IPC, Faculty of Law, Banaras Hindu University, Varanasi 221005, Uttar Pradesh. The JNF acts as first piece of vital information which enunciates job profiles and organization's requirements to the students.
5. The relevant information received through JNF will be broadcasted to all the students. Interested and eligible students show their willingness to appear for recruitment process for their desired company by submitting their applications to Internship and Placement Committee via Online Portal.
6. Curriculum Vitae (CV) of those candidates will be sent to the organization. The organization has the liberty to short list the candidates on the basis of their CV before beginning of recruitment process for them or conduct Aptitude tests as deems fit.
7. The organization will be allotted slots and dates in the month of September 2018 or any other date as per convenience, for conducting Pre Placement Talks (PPT) and Aptitude tests (written/online). It is upon

the discretion and criteria of the organization to shortlist the candidates. The student coordinator will help the organization to find a suitable slot as per availability.

8. Organizations may maintain list of waiting candidates who can be interviewed in non availability of the shortlisted candidates. The list of the shortlisted students for the final placement process may be mailed to IPC by the organization within 7 days of their PPT or as per their practice or policy.
9. The placement interviews begin from November 05th 2018. IPC will allot campus interviews dates to the organizations by October 20th 2018. The date shall be decided keeping in view the convenience of the organization.
10. The organization needs to furnish the final list of selected students in a sealed envelope at the end of the assigned final interview slot. The organizations are also requested to maintain a waitlist of students in case of non availability of some of the selected students.
11. A student will be allowed to appear for at most four organization in toto in a single slot on any day. The student(s) shortlisted by the organization may not be available for the interviews. Besides a student shortlisted might have earned a job prior to yours scheduled slot for the final placement process. IPC will provide a comprehensive list of such students to the company before its scheduled slot. For this reason, it is advised that an extended list of shortlisted students may be maintained to have makeup against the dropout. It will help you to choose the right candidate from a sizeable lot.
12. The final selection is not to be disclosed to the students directly. The results are to be submitted to the IPC by the end of the assigned slot in a sealed envelope and the IPC will be informing the concerned students. Students with multiple offers will be required to finalize their option within an hour from the end of the slot and have to inform IPC of the same. His/her choice would be informed to all the concerned companies. In this situation, to ensure that the company does not suffer on the front of recruitment, the company is suggested to prepare a list of students, in order of their merit, who can be kept waitlisted. Any drop out from the main-list will enable movement of the waitlisted candidates to the list of selected candidates and the company will be informed of the same.
13. The organization may also, if interested, conduct selections for

summer internship during their visit. Organizations will be allotted list of students of 3rd and 4th year along with their CV. Interested organizations can shortlist students and conduct interview for the same. Separate arrangements will be made for organizations which seek selection process for internship.

14. The Institute follows "One Student One Job" policy. Job opportunities from Government/PSUs will also be made available to all the students who are not already placed in a PSU. Once a student is offered a job in the PSUs/ Government, he/she will not be allowed to sit for any further campus recruitment drive and will decline any other job he/she might have earned from campus.
15. As an exception to the 'One Student, One Job' policy, a student who has secured a job, say from a organization can appear for the placement procedure of another company if he/she is allowed for the same by the Coordinator, Internship and Placement Committee. The decision of the Coordinator, IPC should be final in this regard.
16. The above timeline and procedure is not inflexible and may be changed as per requirements of the organization.
