Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of the Banaras Hindu University, Varanasi for the year ended 31 March, 2020

We have audited the attached Balance Sheet of Banaras Hindu University, Varanasi (University) as at 31 March 2020, the Income and Expenditure Account and Receipts and Payments Account for the year ended on that date under Section 19(2) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 read with section 13(1) of the Banaras Hindu University, Varanasi Act, 1915. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller & Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & regulations (Propriety and Regulatory) and efficiency-cum-performance aspects, etc., if any are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

(ii) The Balance Sheet, Income and Expenditure Account and Receipts and Payments Account dealt with by this report have been drawn up in the format of financial statement prescribed for Central Higher Educational Institutions by the Ministry of Human Resource Development (format) approved, Government of India;

The University included depreciation of ₹ 728.56 crore in 'Fixed Assets' in asset side and as 'Depreciation Reserve Fund' in Corpus/Capital Fund. This treatment is in contravention to MHRD guidelines. This resulted in overstatement of Corpus/Capital Fund and Fixed Assets by ₹ 728.56 crore.

(B) General

(B.1) The University charged depreciation on Fixed Assets added during the year 2019-20 on 'pro rata basis' which is against the MHRD guidelines. The University needs to charge depreciation for the whole year on the additions during the year. The fact had also been intimated through the previous year SAR.

(B.2) No provision was made for retirement benefit on actuarial basis by the University as required in AS-15.

(B.3) University did not show Land as freehold land and leasehold land distinctly as required in the format.

(C) Grants-In-Aid

The University received Grant-in-aid of ₹ 1507.21 Crore (Receipt during the year ₹ 1507.17 crore + Adjustment ₹ 0.04 crore) after taking opening balance of ₹ 74.29 Crore, the total fund available workout to ₹ 1581.50 Crore. Out of which the University incurred an expenditure of ₹ 1499.83 Crore (Refund to UGC ₹11.93 crore + Utilised for capital expenditure ₹ 91.27 crore + Utilized for Revenue Expenditure ₹ 1396.62 crore), leaving a closing balance of ₹ 81.66 Crore as on 31st March 2020.

(D) Management Letter

OFFICE PROCEDURE MANUAL

First published in 1984

Updated upto 1991

Banaras Hindu University
Varanasi - 221005

2017

**APPROVED BY THE EXECUTIVE COUNCIL
AT ITS MEETING HELD ON AUGUST 2/3, 1984
(Executive Council Resolution 202)**

P R E F A C E

The constant encouragement of the members of the Executive Council and the Vice-Chancellors to update publications has led to the culminations of another task in the revision of the Office Manual.

The Executive Council in its meeting held on 25th/26th July, 1983 constituted an one member committee of Prof. G.S. Gosal to review the draft and offer his comments. I would be failing in my duty if I do not record our profound thanks for the suggestions given by Prof. Gosal which have led to a qualitative improvement in the contents of the Manual.

The present compilation of "Office Procedure Manual" is a revised and enlarged edition of the previous "Office Manual" published in the year 1960. The present edition contains instructions for the conduct of office work in general and maintenance of discipline, detailed Duties and Responsibilities of various categories of posts, Delegation of Powers and Period of preservation of records. Some important decisions of the Government of India regarding administrative matters have been incorporated in the present edition of the Manual for adoption in the University.

I would be failing in my duty if I do not place on record the appreciation of the labour put in by Directors, Deans, Heads, our teachers and officers, Committees constituted to examine the draft "job specifications". Shri A. C. Karanjai, our Officer-on-Special Duty, has put in commendable labour.

It is hoped that the Office Procedure Manual would prove to be a handy guide for other Central Universities, as also the University Grants Commission in preparing publications for adoption by Central Universities.

Any errors and omissions which may be detected in this Manual and any useful suggestions for its improvement may be brought to my notice.

The Section Officer, G.A.D. (Establishment Section) will be responsible for keeping the Manual up-to-date and for seeing that all orders necessitating any changes/modifications etc. are incorporated in the Manual by issuing Correction Slips with due care and promptitude.

PREFACE TO THIS EDITION

This Manual was printed in 1984 and copies are not available. When I joined the Institute of Agricultural Sciences I had seen this book in a heap of old papers being disposed off. I thought to scan the entire book and make it available as a digital book. But it will become a heavy file causing uploading and downloading a difficult task. Then the OMR software came to my rescue.

Using \LaTeX , I recomposed the book. With modern techniques like hyper-linking it is now easy to go to the desired page from the contents page. Besides that one can search the pdf file easily.

The best method to use this book is place the pdf file on your desk top and whenever you need to consult it just open it and search by keywords or from contents you can directly go to the desired point. You can cut and past the matter in your office notes also. I discourage printing this book.

I would like to thank my office staff for providing support so that I can concentrate on this project. My special thanks are due to Ms. Lalitha Suresh, Personal Assistant, Director's Office, I.Ag.Sc. for lending support by typing the Delegation of powers.

AFTER SCANNING THE ORIGINAL TEXT WAS CONVERTED BY OMR SOFTWARE. SO THERE MAY BE SPELLING MISTAKES IN ADDITION TO THE ORIGINAL MISTAKES CROPPED UP IN THE FIRST EDITION. Therefore, I request the readers to bring to my notice the mistakes or errors in the book so that the same can be corrected and a corrected version can be released.

- 1.1 The Vice-Chancellor shall be the principal Executive and Academic Officer of the University and shall exercise general supervision and control over the affairs of the University and give effect to the decisions of its authorities. The following shall be the authorities of the University –
- (a) The Court,
 - (b) The Executive Council,
 - (c) The Academic Council,
 - (d) The Finance Committee,
 - (e) The Faculties,
 - (f) Such other authorities as may be declared by the Statutes to be the authorities of the University.
- 1.2 For day-to-day administration of the University the Vice-Chancellor is assisted by the Registrar, Finance Officer and Controller of Examinations (presently designated as Officer-on-Special Duty). The Vice-Chancellor exercises control over the affairs of the University through the Central Office.
- 1.3 There is an Internal Audit Office responsible for auditing the accounts of the various units of the University, Stores checking, etc. The Internal Audit Officer works directly under the control of the Finance Officer. The duties and responsibilities of the Internal Audit Officer also include getting the University accounts audited by the Government Auditors (of the Office of the A.G., U.P., Allahabad) and furnish suitable replies to the Government Auditors of their Audit Rough Notes, finalisation of the replies to the Audit Reports, furnished by A.G., U.P., Allahabad before its incorporation in the Annual Accounts of the University.
- 1.4 The work of the Central Office has been distributed among various sections which are headed by Section Officers under the direct supervision of an Officer of the rank of Assistant Registrar. Some sections, however, function under direct supervision of a Deputy Registrar.
- 1.5 There are altogether 14 Faculties in the University consisting of 105 Departments (as on 1-10-1984). Each Faculty is under the direct supervision of a Dean whereas the Departments function under the supervision of Heads of the Departments. The appointments of Deans and Heads of the Departments are regulated as per provision of the Statutes. Besides, there are three Institutes in the University each of which is headed by a Director. There are also two undergraduate Institutions and three School level Institutions in the University where supervision vests, in the respective Principals. The administration of the Director's Office, Dean's Office and the Office of the

Heads of the Departments/Colleges/Schools are done through small units under the supervision of Section Officers and these units function under the direct supervision of Deputy Registrar/Assistant Registrar where load of work justifies creation of such posts. The immediate control of these units rests with the Directors, Deans, Heads of Departments and Principals as the case may be. These units are called the teaching Departments of the University. There exist several non-teaching units (service units) such as University Works Department, Electric & Water Supply Department, Notified Area Committee, Horticulture Department, B.H.U. Press, Public Relations Office, etc. having separate offices.

CHAPTER 2

GENERAL ORDERS

2.1 RESPONSIBILITY OF OFFICERS

All officers are expected to own responsibility for supervision of duties assigned to them.

E.g. when a pension case is put up for approving the service, it is incumbent on the Deputy Registrar (Admin.) to see the past records of the retiring employee concerned and to state specifically whether his services have been established and approved. This approval of -service by the Head of the Office is not meant to be a routine matter and the Vice-Chancellor would hold the administrative officer responsible for seeing that pension cases are not submitted without adequate scrutiny of the antecedent of the would be pensioners and the pension sanctioned.

2.2 RESPONSIBILITY OF SECTION OFFICERS

- 2.2.1 The Section Officer is responsible for the work of his section. He should generate confidence in the team working under him. He should bring to the notice of the Officer Incharge of the Section any flagrant delay or persistent negligence of duty on the part of his subordinates ; and should exercise a careful supervision over his staff and see that everyone is sufficiently employed. He should see that Codes, Regulations and Procedure are correctly applied and strictly adhered to ; and should on no account allow any departure from any prescribed procedure or prevailing practice without the express orders of proper authorities.
- 2.2.2 The Section Officer should not allow urgent work to suffer and arrears to accumulate unnecessarily during the short absence of an assistant of his section. He will be held personally responsible for delays in the disposal of such documents and, therefore, he should arrange with other assistants to have the work done in time.
- 2.2.3 The Section Officer is also personally responsible for drawing a report on the state of work of his section as it actually stands on the last day of each quarter i.e. for the quarter ending 31st March, 30th June, 30th September and 31st December and submit them to the Officer Incharge of the Section. The quarterly report should reach the Officer Incharge of the Section by the last working day of the first week of the month following the end of each quarter. Where marginal overtime work becomes necessary and is duly authorised by the competent authority, the Section Officer shall personally supervise the work.
- 2.2.4 The Section Officer should not sign the certificate of arrear in the quarterly report lightly and without satisfying himself fully that there are no other arrears except those detailed in the arrear report.

2.3 LIST OF DUTIES

A list showing duties assigned from time to time to each member of the office establishment should be maintained in each section and this list of duties should be formally communicated by the Section Officer to each individual concerned. The original list should be approved by the Deputy Registrar of the group to which the section belongs. No change should be made in the duty list without sanction of the Deputy Registrar Incharge. A copy of each of such duty list will be obtained from the sections concerned and maintained in the Registrar's Office.

2.4 PLEDGING OF ADEQUATE SECURITIES BY CASHIER

¹It has been decided by the Government of India that adequate securities both in form of cash and property should be obtained from a person entrusted with duties of handling cash. Cash receipts should be remitted daily to the Bank immediately after collection and higher authorities should carry out verification of all such remittances with a full sense of responsibility.

2.5 FIDELITY BOND

2.5.1 In Finance Department Memorandum No. D/ 2434-P dated 28th May, 1931, the Departments of the Government of India were authorised to demand, at their discretion, securities from persons employed under them. In a case when a Department, in exercise of this discretion, decided to accept a Fidelity Bond in lieu of cash security, some difficulty was experienced in enforcing recovery of the loss caused to Government because of the presence, in the Bond of a clause giving the Insurance Corporation concerned the right to insist upon prosecution of the insured person in the event of his dishonesty. As the grant of such a right to the Insurance Corporation seriously affects the value of such Bonds, it has been decided that before a Fidelity Bond is accepted, the Department concerned should have it scrutinised and insist on the deletion of any unnecessary reservation like the one mentioned above.

(G.I.F.D.O.M. No. D-7688-F dated 16-12-1939)

2.5.2 It has been decided by the Government of India, Ministry of Finance, that all important documents, i.e. Contracts, Agreements, Deeds, Bonds, etc. ought to be kept in the safe custody of the Office, instead of keeping them in the relevant file in the respective sections or in the custody of the branch officer concerned from the point of view of security and also of safe-guarding them from easy accessibility to interested or unauthorised persons. Important Contracts and Agreements which are duly signed and contracts which are current over a long period would have to be kept in proper custody and authenticated working copies retained for use in files.

(G.I.M.F. Department of Expenditure, O.M. No. F.1 ((15)-(Coord)/62 dated 26-11-1962)

¹(G.I.M.F. O.M. No. F.14(10) EGI/54 dated 1-10-54)

2.6 GRADATION LIST

A list of the establishment of the University (including officers) showing strength of each sections and branches as on 1st March each year should be prepared, cyclostyled and distributed to each unit of the University for information. The Gradation list as above should be prepared in administration section under the charge of Deputy Registrar (Admin.).

2.7 ORDER BOOKS

There are five order books for the office, namely

- (i) The office order book relating to personal matter in which all appointments, promotions, confirmations, degradation, suspension and other changes permanent or temporary, are entered by establishment section and submitted to Deputy Registrar (Admin. on the occasion of each change.
- (ii) The Establishment note book in which all orders relating to the office establishment which cannot conveniently be incorporated in the Manual are entered by the establishment assistants.
- (iii) Leave register in which details of the leave granted to the members of the staff of the office are entered chronologically by the Establishment Assistant for facility of the posting of Service Books and leave accounts. Register is to be submitted to the Branch Officer every month on, the 25th.
- (iv) Office order book in which all orders relating to Office procedure and other general matters are chronologically entered with brief subject and reference to the original file. Subjectwise grouping of pages ought to be made.
- (v) Section order book which is maintained in each section by the Section Officer in which all orders affecting the procedure and work of the section are entered by the Section Officer or by any Assistant specially entrusted with the work.

2.8 TIDINESS AND INSPECTION OFFICE ROOMS

All Section Officers should see that the files and papers relating to their sections are neatly arranged in the racks and Almirahs allotted to them. All papers and files relating to other sections should at once be made over to the sections concerned, and steps should be taken to send to the 'old Record Section' such of the files, registers, etc. as are not required for current use. Section Officers should also see that the racks are kept clean by Class IV staff, any negligence on their part should be reported to the Branch Officer. Each Assistant in the office should, before he leaves office, arrange his papers, books and files etc. on his table and what-nots. Section Officers will be held responsible for seeing to the general tidiness of their sections. They should also once in a fortnight examine the tables and the drawers, boxes or other receptacles in their sections with a view to seeing that no official paper has escaped disposal or has been unnecessarily detained there instead of being placed in the proper files.

2.9 TAKING AND MAKING OVER CHARGE

Every Clerk/Assistant or Section Officer should prepare the Charge Report on being transferred from the section or on proceeding on leave and make over the charge report to the Section Officer/Branch Officer as the case may be.

Every Section Officer or Assistant while taking or making over charge of his duties from or to another unit even temporarily, is expected to ascertain whether the working is absolutely upto-date, and to report in writing at once to his immediate superiors any arrears or irregularities he may notice, in order that prompt action may be taken. If no such report is submitted, the Section Officer or Assistant as the case may be assuming or relinquishing charge will be held personally responsible for the state of the work under his charge including any arrears or irregularities which may exist.

Whenever an Assistant is relieved on leave or on transfer he should correctly report the state of work and properly hand over all papers to his successor or Section Officer if the successor is absent at the time of relief. The Section Officer should see that this is done.

2.10 CHARGE REPORT BY SECTION OFFICER AND OTHER OFFICERS

1. When a Section Officer proceeds on leave or is transferred from one Section to other or outside, he should-

(i) make out a brief charge report for the benefit of successor showing therein the following :

(a) The state of arrears in the section ;

(b) The important papers or points requiring immediate or special attention by his successor. The Charge Report left by the predecessor should be seen by the Branch Officer, who pass suitable orders on it. The successor be responsible to see that the arrears cleared and all other important points mentioned in the note are attended to as early as possible. He should also submit a periodical Report to his Branch Officer requiring clearance of above.

(ii) Write upto-date Confidential Reports on the work and conduct of all assistants who had worked under him for 4 months or above.

2. The above procedure applies mutatis-mutanda to other officers also.

2.11 MAINTENANCE OF DICTIONARY OF REFERENCES AND SECTIONAL NOTE BOOKS

Each assistant and Section Officer should maintain a record of the points he has to watch but which are required to be noted in any one of the prescribed registers. This record should be handed over to the successor whenever there is a change in incumbency.

Since the Dictionary of reference and the Sectional note books serve different purposes, the maintenance of both the records is necessary. The Dictionary of reference should be maintained for the University as a whole in some Central Section only. The detailed instructions as to what should be recorded in each and how they should be maintained are detailed below :

Each section should maintain a sectional book and the I.O.'s Office should keep the Dictionary references.

In addition to the above, each Assistant or Section Officer should maintain a Note Book to record the points and orders for day-to-day work he/she has to watch as far as his/her seat is-concerned. These Note Books should contain all useful materials other than those which are embodied in any one of the prescribed registers or manuals. All these note books should be handed over to the successor when there is a change of incumbency.

For the proper maintenance of Dictionary of references by I.A.O., all sections should after completing all action required on their part, pass on to I.A.O. all important communications and orders received from the University Grants Commission, Government of India etc. and have them noted in it. File orders should not be given on such letters until Internal Audit Officer has certified that a note has been kept or need not be kept in the Dictionary of reference.

As a further step against omission, particularly in regard to letters received in the past, Section Officers working under the I.A.O. should periodically examine the University Grants Commission and Government of India's inward diary and with reference to the subject matter pick out letters at which seem to be of sufficient importance for the Dictionary, call for them and note them. Any orders in the Dictionary which deserve to be manualised should also be manualised.

2.12 DUTIES AND RESPONSIBILITIES

The duties and responsibilities of different categories- of staff have been given in Appendix 'A'.

3.9 PLURAL MARRIAGES—REQUESTS OF UNIVERSITY EMPLOYEES FOR PERMISSION TO REMARRY WHILE FIRST WIFE IS STILL LIVING

It has been decided that a public servant, who has a wife living, shall not contract another marriage without first obtaining permission of the Government notwithstanding that such subsequent marriage is permissible under the personal law for the time being applicable to him. Before such cases are referred to the Home Ministry, the Ministry or department concerned should cause an enquiry to be made on the following lines :

The first point to be scrutinised when application for permission is received is whether such marriage is permissible under the personal law applicable to the applicant. If so, the question arises whether there are sufficient grounds for allowing an exception to Government's general policy. The alleged grounds, given in support of the request, should be scrutinised to see whether the allegations are true and well founded. In case the wife also joins the application, it should be ascertained whether she has willingly consented and whether any letters etc., purporting to proceed from her, is genuine and is the outcome of her own free will. For this purpose, higher officers in the department concerned may, if necessary, send for the applicant and his wife and make personal enquiries. Where the first wife's views have not been stated, they should, if possible, be ascertained. If permission is sought on-grounds of alleged sickness of the wife's as much information as possible should be obtained in consultation with the medical authorities. The arrangements made by the husband for the maintenance of the first wife should also be ascertained and it should be examined whether they are satisfactory.

4.4 REGULATION OF INCREMENTS ON THE FIRST OF MONTH-RECOMMENDATION OF THE THIRD PAY COMMISSION

Based on the recommendation of the Third Pay Commission contained in para 22 of Chapter VIII in Volume I of their report, it has been decided that in future, an increment be granted from the 1st of the month in which it falls due instead of from the actual date on which it accrues.

These orders shall take effect from the 1st November, 1973.

(Based on GIMF (Deptt. of Expenditure) No. F. 1- (22)-E. III (A)/73 dated 7-1-74 read with No. F. 1(22)- E-III (A)/73 dated 27-5-1974)

The pay of an employee electing the revised scales will be fixed under the C.C.S. (R. P.) 4.6 GRANT OF ADVANCE INCREMENT BEYOND THE EFFICIENCY BAR

Under various incentive schemes for Class III Staff, advance increments are granted.

Cases may arise where the grant of advance increments under these schemes may take a person beyond the Efficiency Bar Stage. In such cases, the persons concerned should not get the increase in pay beyond the Efficiency Bar stage unless they are declared fit to cross the Efficiency Bar by the Competent authority.

While recommending cases for the grant of advance increments under these schemes, a certificate regarding fitness to cross the Efficiency Bar, where applicable, may invariably be given.

(Based on C.A.G.'s letter No. 2109/NGB-I/144-64 dated 11-12-1964)

CHAPTER 5

POSTING AND TRANSFER

5.1 LIMIT OF RETENTION OF ASSISTANTS IN THE SAME SECTION

No assistant should be allowed to remain in the same seat for more than three continuous years without specific approval of the Registrar and in the same section for more than 5 continuous years without the specific approval of the Vice-Chancellor. Also a person having worked in a seat or section for the prescribed period would not be posted again to the same seat or section after a short interval. Relaxation of these orders should particularly be avoided during the two years preceding the retirement of a person.

5.2 PROFESSIONAL HISTORY AND TRANSFER HISTORY CARD

With a view to facilitating the postings of persons with experience of particular section and also to give an all round training to the assistant, Administration should know the professional history of every assistant including Section Officer. For this purpose an index sheet should be maintained in the form shown in Annexure to this Chapter.

The sheets should show the chronological sequence of the sections in which the official has worked. To facilitate the quick preparation of index sheet, each assistant or Section Officer should be supplied with a blank card in which entries should be made by each and returned on completion to the Administration section. Every employee should be held responsible for supplying correct information.

5.3 GRANTING OF PERMISSION TO OFFICE ASSISTANTS TO APPLY FOR POSTS ELSEWHERE

It is the duty of an University employee, who wishes to transfer his services to a Government Office or Department, or elsewhere to obtain the consent of the authority which appointed him to his existing post, before taking up the new employment. If he takes up the new employment without such consent, he commits breach of discipline and is liable to be punished, in the last recourse, by dismissal from his post and consequent loss of pensionable service. Resignation of his former appointment will not, it should be noted, protect him from this penalty.

All applications for appointments elsewhere should be despatched from the Administration Section, so that, that section may have a record of all cases in which permission to apply elsewhere has been given by the proper authority.

In granting or withholding consent to the acceptance by a subordinate of other employment, the University authorities must consider whether the transfer will be consistent with the interest of the public service. Permission should not be refused, however, without strong reason, which should be recorded in writing.

It has been decided that unless an University employee is sponsored by the University or applies through or with the specific prior approval of the University for a Scholarship or fellowship, he will not be permitted to take up such scholarship or fellowship.

5.4 PRINCIPLES TO BE OBSERVED IN CONSIDERING THE QUESTION OF FORWARDING APPLICATIONS OF EMPLOYEES BELONGING TO SCHEDULED CASTES/ SCHEDULED TRIBES FOR EMPLOYMENT ELSEWHERE

Subject to the general principle that the authority must balance the interest of the University against the necessity to avoid hardship to the individual, the applications particularly in the case of Scheduled Castes and Scheduled Tribes should be readily forwarded even though they are permanent employees unless in very rare cases, there are compelling grounds of public interest for withholding them. Employees belonging to the Scheduled Castes/Scheduled Tribes should be afforded every facility to improve their prospect.

(Based on GIMHOM No.130/54-Ests (A)-I dated 28th February 1955 read with GIMHOM No.28/3/59-Ests (A) dated 15th June, 1959 and No.1/6/64-SC.I dated 19th March, 1964).

5.5 SENDING CONFIDENTIAL REPORTS OF EMPLOYEES TO OUTSIDE BODIES

Executive Council Resolution No. 345 dated 12-2-1961.

Considered the question of making the rules for sending the confidential reports of University employees to outside bodies.

Resolved that the following rules for sending the confidential reports of the employees be made :

- (i) Confidential reports of the employees of the University may be sent to other Government Departments, Public Service Commission and Universities. on their request but should not be sent to the Non-Government Institutions.
- (ii) A certain amount of discretion may be exercised when there is a demand for such reports from semi-Govt. Institutions.
- (iii) Confidential reports should be forwarded to the requisitioning authorities in double sealed covers addressed to a responsible Officer by name and a proper acknowledgement should be obtained. The reports should be returned by the outside authorities in double sealed covers and be properly checked on return to verify that no page is missing.

6.2 RESERVATION OF VACANCIES IN THE MATTER OF CONFIRMATION OF CLERKS WHO HAVE NOT PASSED TYPEWRITING TEST

- (iii) 10% of the vacancies in the Junior Clerks cadre will be reserved for such employees.

(Authority : Executive Council Resolution No. 223 dated 2nd/3rd Nov. 1980)

6.5 INCREASE IN THE QUOTA OF RESERVATION TO CLASS- IV STAFF

6.7 REVISED RULES FOR APPOINTMENT/ PROMOTIONS OF LABORATORY STAFF/ WORKSHOP STAFF

The Executive Council accepted the Delhi University pattern in principle and resolved that hereinafter all vacant Laboratory/ Workshop Assistants/ Senior Laboratory Assistants/ Senior Workshop Assistants/Senior Technical Assistants/ Assistant Foreman will be advertised locally for recruitment from within the University, as per prescribed qualifications. The selections will, be made by Selection Committees at the University level as for permanent appointments through open, recruitment. (Authority : Executive Council Resolution No. 15 of 27th April, 1982)

6.8 FACILITIES FOR EDUCATION TO CLASS IV STAFF

Adult Education Unit of the Banaras Hindu University be requested to arrange facilities for education and literacy to Class IV staff and evolve a scheme in that connection for further processing by the University bodies.

(Authority : Executive Council Resolution No. 8 of 27th April, 1982)

6.9 SENIORITY

6.10 ERRONEOUS CONFIRMATION OF AN EMPLOYEE - PROCEDURE FOR CANCELLATION - INSTRUCTIONS REGARDING-

The following procedure should be followed while cancelling orders relating to confirmation of employees: which are later on found to be erroneous :

- (i) Confirmation can be cancelled if the order of confirmation was clearly contrary to the Statutory Rules and there is no power or discretion to relax the Rules.
- (ii) If the orders of confirmation was made when there was no substantive vacancy and the confirming authority had no power to create the post in which the officer was confirmed.
- (iii) If the order of confirmation was made in error e.g. naming wrong person-mistake in identity.

Orders of confirmation in the above mentioned cases are void *ab initio* and the officer does not acquire any right to hold the post in which the order purported to confirm him. Provisions of article 311(2) of the Constitution are not, therefore, attracted and the procedure of "Show cause notice" is not required to be followed before cancelling the order of confirmation.

If the order of confirmation was made in contravention of executive or administrative instructions, it cannot be set aside. Cancellation of confirmation in such cases would amount to reduction in rank without any fault on the part

of the officer confirmed. These instructions take effect from the date of issue of the Government of India orders in this regard i.e. from 21-3-1968.

(Authority :GIMHA OM No. 12/2/67 (D) Estt. (D) dated 21-3-68.

Note : It has been decided by the Government of India that in cases where juniors are confirmed erroneously in contravention of Executive or administrative instructions and whose confirmation cannot be set aside vide para 2 of the aforesaid Office Memorandum, the Administrative Ministries/ Departments may create with retrospective effect i.e. from the date the Junior was erroneously confirmed, a permanent post in consultation with the Associate Finance, in accordance with the order contained in Government of India decision No. 7 below rule 8 of the delegation of financial power rules 1958. The senior officer referred to may, after creation of such a permanent post, be confirmed against the post so created from the date of its creation if he is otherwise considered fit for confirmation. If the junior officer is erroneously confirmed from a date earlier than date of confirmation of his senior, a permanent post may be created in the manner inpcated in the preceding paragraph for the purpose of antedating the confirmation of the senior officer.

Authority :GIMHA OM No. 12-3-69 Estt. (D) dated 18-7-1970.

CHAPTER 7

CHARACTER ROLL AND PERSONAL FILES

7.1 CHARACTER ROLL

The Character Roll is a double edged sword. It acts as a shield for the employees and a defence for the employer.

The Character Roll is meant to serve the purpose of an official history of each employee and it should, therefore, be kept with great regularity. The reporting Officer's remarks should be based, as far as possible, on his personal knowledge of the man. The Character Rolls relating to the Section Officers and the officials of equivalent status will be kept in the safe custody of the Deputy Registrar (Administration) and the others in the custody of the Assistant Registrar (Administration). When an assistant is transferred from one wing to another, the date of joining the latter wing should be noted in the Character Roll at the time the report for the year is written. The key of the Box in which the Character Rolls are preserved will also remain in the custody of the Deputy Registrar (Administration) or Assistant Registrar (Administration), as the case may be.

When a note whether of any special good work or an unfavourable remark has to be made in the Character Roll of an assistant, the necessary entry should be made immediately and attested by the Officer Incharge. It is very important that the note should state briefly but explicitly the circumstances of the case as the principle documents based on which promotions are made.

7.2 COMMUNICATION OF ADVERSE REMARKS IN CHARACTER ROLL

In no case should an official be kept in total ignorance for any length of time that his superiors are dissatisfied with his work. In case where a warning might eradicate or help to eradicate a particular fault instead of leading to defences, objections and frictions, the advantage of prompt communication of the warning should not be missed.

In case where warnings or censure have been administered in the course of daily work, the fact may be mentioned in the Character Roll. Only those defects need be pointed out to the officer concerned which can be remedied since it would serve no useful purpose to communicate such criticisms as lack of ability or intelligence. Periodical enumeration of defects without any acknowledgement of useful work done may only lead to discouragement and soreness and do more harm than good. Resentment of criticism on the part of a good officer has often prejudicial effect on his future efficiency. Great attention should accordingly be paid to the manner and method of communication of the defects and short-comings in order to ensure that the advice given and the warning or censure administered whether orally or in writing shall having regard to the temperament of the Officer concerned be most beneficial to him. It is important

that the' effect of previous admonition should be mentioned in the subsequent notes.

Note : The above instructions will apply to subordinate staff also.

7.3 REGISTER OF CHARACTER ROLLS

An independent list of Character Rolls should be maintained in a register in the form shown below showing the number in the seniority list and the names of the members in respect of whom they are maintained. Separate lists should be kept for those in the custody of the Deputy Registrar (Administration) and Assistant Registrar (Ad-nn). The additional vertical columns in the form should be utilised for making the dates on which- the Character Rolls are filled in from year to year. When the Character Rolls are transferred from the custody of Deputy Registrar (Administration) and Assistant Registrar (Administration), entry should be made in the remarks column. The result of periodical inspection should also be recorded in this register. At the time of transfer of charge by the Deputy Registrar (Administration) and Assistant Registrar (Admin.), as the case may be, a certificate of handing over and taking over of the Confidential Reports should be recorded both by the relieved and the relieving officer.

FORM OF REGISTER OF CHARACTER ROLL

| Number in the seniority list | Name | 1981-82 | 1982-83 | 1983-84 | and so on for other years | remarks |
|---------------------------------------|------|---------|---------|---------|------------------------------------|---------|
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |

The following instructions for the future recording and up keep of the Character Rolls maintained in the University be followed :

- (i) As the Character Rolls are very important records, meant for taking stock, in its entirety of an employee, it is necessary, that they- should be written complete in all respects.
- (ii) The Character Rolls, after being written up, should be placed carefully in loose folders to be opened separately for each individual. As the record is to be preserved for about 30 to 35 years, the folders used should be sufficiently thick and stable. The pages of the Character Rolls should be numbered serially.
- (iii) Loose fitted pigeon holes in plywood may be fitted in a steel Almirah, for keeping the Character Rolls. The pigeon holes can be indexed alphabetically and the Character Rolls placed in the proper places, so that it would be easy to take out a particular Character Roll without having to handle the whole lot.
- (iv) A set of 'counter-parts' may also be prepared and kept in a box. Whenever a Character Roll is removed, the reason for the removal and the person to whom it is sent should be noted on the counterpart, which should then be placed in place occupied by the Character Roll. When the Character Roll is received back the counter-part should be removed and .replaced in the box.

7.4 PERIOD OF PRESERVATION OF CHARACTER ROLLS

The Character Rolls may be preserved for five years after the death or retirement of the official concerned, whichever is earlier and thereafter the Character Rolls be destroyed.

7.5 PERSONAL FILES

In order to have a complete record of service of members of the University in one self-contained file, a personal file should be maintained by the Administration Section for each member of the University in which all papers, orders etc. relating to him should be chronologically filed. Casual leave application should be filed in a separate file to be maintained by each section.

The personal files will also be very useful for recording important mistakes and omissions on the part of particular persons, and for Section Officers and Group Officers in writing up of Confidential Character Rolls. The outward letter regarding employees, of which office copy should be kept in personal file, should be numbered under the file heading number.

CHAPTER 8

OFFICE ESTABLISHMENT

8.1 SERVICE BOOKS

A Service Book as prescribed must be maintained for every employee of the University holding a substantive post on a permanent establishment or officiating in a post or holding a temporary post with the following exceptions :

University employees officiating in posts or holding temporary posts who are recruited for purely temporary or officiating vacancies not likely to last for more than one year and are not eligible for permanent appointment.

In all cases in which a Service Book is necessary under the conditions mentioned above, such a book shall be maintained for an University employee from the date of his first appointment to University service.

Every step in an employee's official life must be recorded in his Service Book, and each entry must be attested by the Head of the Office or if he himself is the Head of the Office by his immediate superior. The Head of the Office must see that all entries are duly made and attested, and that the book contains no error or overwriting, all corrections being neatly made and properly attested.

8.2 COST OF SERVICE BOOKS AND SUPPLY OF CERTIFIED COPY OF SERVICE BOOK ON QUITTING SERVICES

The cost of service book should be borne by the University and it should not be returned to the University employee on retirement, resignation or discharge from service even in cases where he might have paid for it already.

The question whether it would be permissible to supply a certified copy of the service book of a Government servant who asked for it on quitting Government service by retirement, discharge or resignation has been considered by the Government of India and it has been decided that in such cases, a certified copy of a Service Book may be supplied to the Government Servant on payment of a copying fee of Rs. 5/-.

A Similar procedure shall be followed for supplying certified copy of Service Book to University employees on quitting services.

It is the duty of the Attesting Officer to see that such entries are promptly made.

8.6 INSPECTION OF SERVICE BOOKS BY EMPLOYEES

It shall be the duty of the Officer Incharge, Service Book Section to initiate action to show the Service Books to the University employees every year and to obtain their signature therein in token of their having inspected the Service Books. The University employees shall inter-alia ensure before affixing their signature that their services have been duly verified and certified as such.

8.7 VERIFICATION OF SERVICES

At a fixed time early in the year the Service Books shall be taken up for verification by the Head of the Office who, after satisfying himself that the services of the University employees concerned are correctly recorded in each of the Service Books, shall record in each case a certificate in the following form over his signature.

Service verified upto (..... (date)
from (the record from which the verification is made)

The verification of service referred to above is indicated to ensure that the Head of the Office has satisfied himself that the University employee's entire service whether permanent, temporary or officiating as recorded in the Service Book, is completely borne out by actual facts.

Questions affecting pension or pensionable service of an University employee which for their decision depend on circumstances known at the time should be

considered as soon as they arise and should not be left over for consideration until the University employee retires or is about to retire. Definite decision should be arrived at on all such questions in consultation with the concerned authorities and recorded in the Service Book quoting reference to the orders of the competent authority.

8.8 PROCEDURE FOR A BONAFIDE CHANGE OF NAME BY UNIVERSITY EMPLOYEES

An University employee wishing to adopt a new name or to effect any modification in his existing name should be asked to adopt the change formally by a deed changing his name. In order that the execution of the document may not be in doubt, it is desirable that it should be attested by two witnesses preferably those known to the Registrar. A sample deed form is given below. The execution of the deed should be followed by publication of the change in a permanent local newspaper as well as the Gazette of India, publication being undertaken by the University employee at his own expense in both cases. For the publication of the advertisement in the Gazette of India, the University employee should be directed to approach the Manager of Publications, Government of India, Publication Branch, Civil Lines, Delhi.

It is only after the formalities described above have been complied with and a satisfactory evidence of identity and execution of the document adduced by the University employee that the adoption of the new name or Change in the existing name should be recognised officially, entries in University record so far as may be necessary being amended accordingly. True copies of the relevant documents should be retained by the University.

In witness whereof I have here-unto subscribed my former and adopted names of A.C. and A.B.C. and affixed by seal this
Signed, sealed and delivered by the above named A.B.C. Formerly A.C. in the presence of (b)

(Based on G.I.M.F. OM No. 601274148 Ests dated 3-11-1948)

It is further clarified that the above instructions are not to be applied in cases where girls in University service may desire on their marriage, a change of name to be noted in the official records and the formalities mentioned in the above Office Memorandum need not be observed in such cases, provided the Head of the Office is satisfied that the change sought to be affected is, in fact, in pursuance of marriage and the name is after the name of the husband.

8.10 RE-CHANGE OF NAME/ SURNAME IN CONSEQUENT OF DIVORCE

In the case of the married woman who while in service gets a divorce and desires to revert back to her maiden name and also in the case of widow who remarriages it is advisable that the formalities for the change of name may be observed to avoid legal complications.

8.11 COURT ATTACHMENT

In the case of attachments against the pay of employees of the University the orders should initially be received in the salary bill section of the Finance Wing. The Salary Bill Section will record the particulars in a Register maintained in the Section and put up the orders with the Registrar to the Finance Officer. The attachment order received from the Court, after being entered in the attachment Register should be sent to the assistant concerned dealing with the pay bill of the concerned employee who should sign in full in Attachment Register in token of having seen the order. The attachment order should then be sent to the Drawing Officer of the concerned Faculty[Office, where the salary bill of the concerned employee is prepared and drawn with instructions to deduct the amount from the pay of the employee every month in instalments as directed by the Court. The Finance Wing on receipt of the salary bill of the employee shall prepare a separate cheque in favour of the Court for the amount recovered as per Court's order and the cheque should be delivered to the concerned Court immediately after noting the details of the deduction in the Attachment Register. The Court acknowledgement regarding the receipt of cheque should be numbered and filed in a separate file to be kept in the salary bill section and submitted to the Finance Officer for review on the first week of each month.

When an attachment order is to be enforced against any member of the staff, enquiry should be made in terms of Conduct Rules with a view to ascertain whether the financial position of the University employee concerned has reached a stage at which confidence in him must be diminished, and if so, the question of taking appropriate disciplinary action against him should be considered.

8.12 REGISTER OF RECOVERIES

A Register of Recoveries should be maintained by disbursing officer.

The details of the amount on account of advances of pay, travelling allowance, General Provident Fund, Leave Travel Concession and also Medical, Festival, Motor Cycle advances etc., due from members of the establishment, should be noted in this Register. This Register should invariably be consulted by the dealing assistant entrusted with the preparation of salary bills while preparing bills of the office.

The recoveries of advances effected from the salary bills of an employee should also be noted in this Register in proper columns till completion of the recovery of advances.

8.13 INCREMENTS

For purposes of watching regular and timely drawal of increments by the staff, the Establishment (Administration Section) shall maintain a register of increments, in Form No. O.P.M. 1 in which the entries relating to increments separately for separate cadre of staff (namely Section Officers, Special Assistants, Senior Clerks, Junior Clerks, etc.) should be made for each calendar month separately. When, in any case, an increment is withheld or postponed, a note to that effect shall be made against the name of the official concerned quoting the number and date of the order withholding increments in the register over the dated initials of the officer.

8.13.1 An increment shall ordinarily be drawn as a matter of course unless it is withheld by the authority empowered to withhold such increment in accordance with the relevant provisions of the Conduct Rules. Any order withholding an increment shall state the period for which it is withheld and whether the postponement shall have the effect of postponing future increments.

8.13.2 Where an Efficiency Bar is prescribed in any timescale, the increment next above that bar shall not be given to an University employee without specific sanction of the authority empowered to withhold the increments. When an University employee is allowed to cross an Efficiency Bar which has previously been enforced against him, he shall draw the pay in the time-scale at such stage as the authority empowered to withhold increment may fix, provided that the pay so fixed shall not exceed the pay that he would have drawn, had he not been stopped at the Efficiency Bar.

8.13.3 The admissibility of each increment shall be checked and attested by the Section Officer with reference to the Service Books and Leave Documents of the concerned official to ensure that the date of normal increments may not be revised due to grant of any kinds of leave during the year which will not count for increments.

8.13.4 As a further safeguard against wrong payments, the Establishment (Administration Section) shall scrutinize in advance all cases which fall due for granting increments during the next month and send intimation, informing the Heads of the Departments for sending their recommendation. These recommendations shall also be taken into account before passing increments and the same shall be filed in the Personal File to be retained as a permanent record.

8.13.5 On receipt of final orders an "Increment Certificate" in Form O.M. 3 shall be prepared by the Establishment (Administration Section) and be sent to the Department concerned before the 15th of the month, to which the increment relates so that the same may be included by the Department in the bills to be submitted by them to the Finance Section for further necessary action and payment.

8.14 ADVANCE INCREMENTS

As a matter of principle, all applications for the grant of advance increments should be refused. No application for an advance increment should be entertained, if it emanates from the person concerned. Such proposals must emanate from the Head of Office itself or an officer next below him in rank. Recommendations for advance increments should only be made when the officer concerned is prepared to say that the official is fit to supersede his seniors, otherwise the grant of any benefit must be warranted by exceptional circumstances or other personal considerations and in such cases it would be appropriate to recommend the grant of a suitable amount as remuneration to the person concerned for specific work done by him because the grant of any advance increment confers upon the person concerned benefit of a permanent and recurring nature.

8.15 PAY BILLS

8.15.1 The responsibility for the preparation of establishment pay bills shall rest on the Heads of Departments concerned. It will be their duty to ensure that the bills are prepared in time and that the facts mentioned therein are correct and based on the information contained in various records used for preparation of such bills.

8.15.2 The basis for preparation of pay bills is generally the previous month's bill, the order book, increment certificate received from the Administration Section, intimation regarding leave, appointments, promotions, advances etc. The Income Tax should be deducted at the time of preparing the pay bills in accordance with the instructions on the subject issued from time to time and there should be no excuse for not deducting the amount due on this account.

Note :

(i) The pay bills should not be copied blindly from the previous month's bill, even though it is stated to be the basis for its preparation. A careful intelligent review of the various items is essential to ensure correctness of drawals.

(ii) All corrections in the total of the pay bills whether in words or in figures should be attested by full dated signature of the drawing officer.

(iii) Spaces left blank at the end should invariably be covered by oblique lines.

8.15.3 Any increase or decrease in the amounts drawn in the bill with reference to the corresponding amounts drawn in the previous month's bill should invariably be explained with a small note quoting authority therefor.

8.15.4 The bills so prepared shall be submitted by the departments concerned to the Finance Section for scrutiny and further necessary action.

8.15.5 The responsibility for disbursement of pay bills to the employees rests on the State Bank of India (B.H.U. Branch) under existing arrangements and employees shall receive their pay direct from the Bank. The difficulties, if any, should be reported to the Finance Officer.

8.16 RETIREMENTS

- 8.16.1 An employee of the University shall retire from University service on the date on which he attains the age of sixty years as mentioned in Ordinance '11' of Chapter IV, of Calendar Part I, Volume I.
- 8.16.2 With a view to keep a watch over retirement of individuals the Administration Section shall maintain a register showing the names and full address of persons who are to superannuate within the next one year and intimation to this effect sent to the Head of the Office under whom the employee is working on that date. Notwithstanding this provision, it shall also be the responsibility of the office where the employee is posted at a given point of time to ensure that the employee does not continue beyond the date of superannuation. The Administration Section shall also process the pension papers of the employee to ensure, that sanction of pension is not delayed, and the individual receives his pension immediately after one month from the date of his superannuation.

8.17 PROVIDENT FUND

- 8.17.1 The instructions relating to the Provident Fund of . the employees are contained in the Central Universities Retirement Benefit Rules, 1967. Those instructions should be scrupulously followed to avoid any over-payments.
- 8.17.2 Immediately on retirement, resignation or removal etc. of the employee, the Administration Section shall send an intimation to the Finance Section to take suitable action and find out the amount due and payable to the person concerned as his own contribution, contribution by the University in case of employees under the Contributory Provident Fund Scheme and interest thereon and also arrange to send notices to the various departments for submission of "no dues" certificate within a week from the date the official actually retires. 8.17.3 Since recoveries cannot be effected from the amount contributed by the employee himself, it should normally be possible to pay that amount to the employee on the day following that on which he actually, retires,. provided the employee has submitted an application to that effect. For this purpose it will be necessary for the Finance Section to submit the case to the sanctioning authority, about a week before the actual date of retirement so that orders may be obtained in advance and the money kept ready for payment even at the shortest possible notice. The rest of the amount shall be paid on receipt of "no dues certificate"" from the competent authorities.

9.3 EDUCATIONAL QUALIFICATION OF CLASS IV STAFF

There are many categories of Class IV posts, namely Farrashes, Sweepers (Safaiwalas), Chowkidars, etc., duties of which can be performed efficiently, even if the incumbents do not possess any educational qualification. It has, accordingly, been decided by the Government of India that it is not necessary to prescribe any educational qualification for recruitment to Class IV posts other than those of Peons, Jamadars, Daftaries, Record Sorters, and that it would be sufficient if the primary school standard pass is prescribed only as a desirable qualification for recruitment to such posts.

(Authority : Government of India, Ministry of Home Affairs, Office Memorandum No. 16/3/64 Estt(B) dated 2-9-1965)

The above instructions shall be made applicable to the University with effect from the date these are approved by the Executive Council.

The question of inclusion of "fines" in the list of departmental penalties for Class IV employees had been under the consideration of the Government of India, in the Ministry of Home Affairs. (Authority : Government of India, Ministry of Home Affairs, Office Memorandum No. 7/2/50 Estt(A) dated 16th December, 1954)

CHAPTER 10

**CORRESPONDENCE AND ROUTINE
REFERENCING AND FILING**

10.1 SYSTEM OF FILING

The system of filing and arranging papers in the various sections of the office is described in the following paragraphs :

The essential features of the system are

- (a) Filing of papers according to subject and periods of their preservation ;
- (b) Filing according to sections in the office, that is, different files for G.A.D., Development, Administration, Finance, etc. ;
- (c) Making of cases under fixed headings, a list of which is maintained in each section of the University.

10.1.1 These file headings will be numbered serially and fixed permanently for each section of the office so that R/GAD (say) will be the "file heading" under which all letters etc. pertaining to G.A.D. Section dealing with the various types of references will be filed in chronological order. It may very often happen that an important matter, comes up for consideration as arising out of an original letter to the University or out of a reply to a reference from the University and there may be whole pages of noting by members of the office. If so, all these relevant papers dealing with the same subject will be bodily taken from the file and made into a case. If this is first important matter arising from the file the case will be numbered as R/ GAD/ 2-1 (when the number of file is R/GAD/2), the second R/GAD/2-2 and so on.

In order to distinguish the cases of the particular year from those of another, the year will be shown after the case i.e.

R/ GAD/2-1 of 1981-82

R/GAD/ 2-2 of 1982-83

Each year will have its own consecutive numbers,

10.1.2 Except under the special orders of the Branch Officer one volume only should be opened of each file, a second one is opened only when the first has become unwieldy.

10.2 MAINTENANCE OF FILES

10.2.1 In order to bring uniformity and proper maintenance of files, the procedure laid down in the following paragraphs should be followed :

A. The subject of the file :

- (a) Normally a file should contain one subject.
- (b) The subject-matter should be clearly and boldly written on the cover of the file.

- (c) A file number should be given which should be recorded in the "Register of Files".
 - (d) All previous references i.e. previous files dealing with the subject should be noted on the file cover and when the file is closed and new file opened, then an entry should be made for latter reference indicating file number of the newly opened file.
- B. Arrangement of papers in a file :
- The file will consist of two parts viz. :
- (i) Correspondence portion where letters, documents will be kept,
 - (ii) Note portion where notes are recorded by the office will be kept.
- The correspondence portion of the file should be strung together on tag on the right hand side of the file. The note portion of the file should be strung together on the left hand portion of the file.
- C. Number of pages in a file :
- Normally a file should contain 100 pages on the correspondence side after which, the file should be stitched and closed, and marked Volume-I and Volume-II should be opened.
- D. Paging
- (a) As the various views recorded in the notes as well as previous letters on the subject have frequently to be referred to in dealing with cases, it is necessary to indicate their exact position i.e. page number in the file. This page numbering is most important for proper maintenance of a file. This numbering is to be done in chronological order, i.e. numbering commences with the earliest documents and goes consecutively through the whole series.
 - (b) The correspondence i.e. letters etc. should be kept chronologically. The first letter should be kept below and subsequent letters should be placed above it.
 - (c) On the note portion, the noting should be chronologically done as in the pages of a book.
 - (d) As the notes and correspondences are to be kept separately the page numbering of the notes and correspondences should be kept separate.
- E. Reference :
- Referencing of previous correspondence or notes are to be made by stating the page number whether of correspondence or of notes. Thus, page 20/C or page 3/N would indicate the page number of correspondence or page number of notes respectively.
- F. Indexing :
- Each file should contain separate pages either attached to the inner side of the front cover of the file or as first two or three pages of the notes, in which an index of important letters should be recorded.
- (a) OrdinaryIn respect of ordinary files, the form of indexing is given as under :
- | | |
|---------|---------------------|
| subject | page Number of File |
|---------|---------------------|

(b) Office Orders The Office Orders should be indexed with reference to subject matters. Normally, there should be one Office Order file for one year. If, however, the number of pages in the Office Order file exceeds 100 pages "Volume-II" should be opened, but a complete index of all the volumes should be kept in each volume of the Office Order file indicating whether a particular Office Order is in Volume-I or Volume-II or Volume-III. The indexing in all the volumes should be brought up-to-date once a quarter.

G. Stock taking :

The files kept in the section should be physically checked at least once during a year and a certificate recorded in the "Register of Files".

H. After the close of the year the files with their relevant cases should be sent to the record-room and acknowledgement of the record-keeper thereof be taken in the case register.

Note: On the 1st October each year Section Officers should furnish a certificate, through their Branch Officers to the Officer-in-Charge, Record Room to the effect that all records due to be sent to Old Record have been sent, explanations being furnished for any, that may not be sent for special reasons.

10.2.1 REGISTER OF FILES

The list of files to be maintained in each section to be got approved by the group officer and should not be varied except with his approval.

10.3 INWARD LETTERS

10.3.1 All inward letters received from the Government of India, and the University Grants Commission be diarised in a separate Inward Diary Register. All other letters, parcels and other documents shall, on receipt in the department, be diarised in another Inward diary register and all the letters including the letters received from Government of India and University Grants Commission shall then be submitted to the Head of the Department for his perusal. On return of letters from the officer concerned, the Section Officer shall mark the name of the dealing assistant, to whom these letters have to be handed over by the diarist after obtaining their dated initials in the requisite column in token of their having received it.

10.3.2 Each assistant should immediately after receiving these letters carefully read through them, bring to the notice of the section officer letters which either relate to another assistant in his section or another section of the office, but has been marked to him. The Section Officer, if satisfied, will alter the marking and indicate the proper person or section, and letter will then be made over or transferred accordingly. It is highly objectionable that a letter should be retained by an assistant or a section for some time and then transferred when it becomes outstanding. Letters requiring immediate action should be disposed of first. Ordinarily all letters should be disposed of within two days of receipt by the

dealing assistant and submitted to the Section Officer. If the assistant anticipates that there will be any delay in the disposal of any letter, he should immediately bring the matter to the notice of his Section Officer in writing.

Note : The Section Officer is held responsible for the disposal of paper from the time they reach him. His responsibility does not cease if the case is temporarily made over to another section with a requisition. His duty is to keep the case in view all through, and to bring to notice any undue delay in compliance with requisitions.

10.3.3 When it is necessary, for any reason that a letter should be replied to on the same date, it will be marked 'to-day'. Similarly when it is necessary that the answers should go out the next day or when it is overdue or a reminder has been received the letters would be marked 'Urgent' or 'Very Urgent' as the case may be. All letters received from the Government of India and the University Grants Commission shall be treated as "Urgent" whether or not they are so marked. Immediate action for disposal of such letters should be taken as the intention behind such markings is that the reply should catch a particular train, or is to be handed over to a person waiting for the reply or the matter is of such urgency that it cannot be allowed to wait.

10.3.4 If any document is received unsigned or incomplete in any respect or is not required by the section concerned, the same should at once be sent to the department to which it relates, for further necessary action.

10.3.5 If a case has to be circulated for opinion or old papers have to be searched for or orders of higher authorities are to be obtained, the dealing assistant must take the initial step (i.e. call for the papers and old files. and write his note) immediately so as to ensure completion of these preliminary stages within a week.

10.4 OUTWARD LETTERS

10.4.1 Office copies of outward letters are written on the prescribed draft forms. The diary number as also the case number of the letter with reference to which the draft is written should be quoted on it. A brief abstract of the subject should also be given on the top of the draft. The draft should be put up with all necessary papers to the Section Officer who after examination and approval will submit it to the Officer-in-Charge. After the draft is passed by the Officer it will be numbered in the Sectional Number Book of outward letters by the dealing assistant, the file heading and the case number should be quoted on the draft before the sectional number, each distinctive number being separated by a hyphen-. The date on which the first reminder is to issue should be noted on the draft by the Section Officer. After this the outward number will be quoted on the inward letter etc., to which it relates and the draft will be sent to the typist for typing. A fair copy of the draft duly compared will be sent to the officer for his signature and the fair copy will be then sent to the Central Despatch Section along with "Register of Outward letters" for issue. The section shall watch the return of the "Register for outward letters" to the section and verify that the Central Despatch Section

received the fair copy and initialled the register against the particular column with date. The office copy of the outward letter shall then be filed in the respective file or case as the case may be, serially according to their numbers.

The reference clerk is responsible for filing the office copies of the outward drafts in proper files etc. within two days of their issue.

Note : To avoid delay in dealing with letters marked: "out to-day", the section officers should personally satisfy that the letters so marked are dealt with immediately and the replies sent on the days of their receipt.

10.4.2 Issue of reminders to outward letters :

The following instructions should be observed in issuing reminders to outward letters

- (i) When an outward letter requires a reply the facts should invariably be noted in the Outward Register in the column head "Whether a reply is necessary" by the dealing assistant at the time of entering the letter in that register.
- (ii) Reminders should be issued on the date noted by the Section Officer on the draft if a reply has not been received in the meantime.
- (iii) Ordinary letter—first reminder should issue after a fortnight from the date of issue of the letter unless the letters are addressed to the Government of India or University Grants Commission or views of intricate matters, or statements, which have to be prepared in consultation with other officers are warranted in which case the first reminder may issue after a month. Subsequent reminders should issue every fortnight.
- (iv) If no reply is received after two reminders the officer should be addressed a demi-official letter by name under the signature of the Registrar in case of letters addressed to the Government of India or the University Grants Commission, and in other cases by the Deputy Registrar incharge of the group.
- (v) The reference clerk, if there is no such clerk, the dealing assistant is responsible for seeing that reminders are issued on due date.
- (vi) The clerk who prepares the weekly report of letters outstanding should examine the outward letter register and certify either that all reminders due to be issued have actually been issued or that reminders in certain cases (which should be specified) have not been issued though due dates have elapsed.
- (vii) The section officer should review a certain percentage of the pages of outward register in order to satisfy himself of the accuracy of the certificate referred to above and furnish his certificate in that effect in the weekly report of the outstanding letters.
- (viii) Before a reminder is issued, the dealing clerk should certify that no reply has been received.

10.5 WEEKLY REPORT OF LETTERS

All sections should prepare a weekly report of outstanding inward letters which should be submitted to the officer-in-charge every Monday. This report will

include all letters more than a week old which were not disposed of by the preceding Saturday, e.g. a report due on 8th August, 1983 should be in respect of all letters received upto 30th July, 1983 and not disposed of by the 6th August, 1983.

The report should be prepared in the following form in the Diary itself ; suitable space being left therein for the purpose :

Report due on 8-8-83 Current Pending Balance from last report Receipts during the week ending 30.7.83 Total : Disposed of during the week ending 6-8-83 Balance outstanding Dy. No. Date of Receipt Name of Assistant

10.6 TRANSMISSION OF PAPERS TO OTHER DEPARTMENTS/ SECTIONS

All correspondence and papers required to be sent to other sections or departments must invariably be entered in the Peon Book. The Section Officer of the receiving section will note at once on the letters the name of the clerk who should take action on the letters and pass it on with the Peon Book to the diarist who will receive and deal with them in the Manner explained before.

10.7 REMARKS ON LETTERS PROHIBITED

No remarks should be written on inward letters by Assistants or Section Officers except such as are required for permanent record thereon, and such papers must not be defaced by notes, or queries from Assistants or Section Officers. Lengthy directions, explanations or notes should be written on a separate sheet or note sheet which should be attached to the inward letter. The same rule applies to drafts of outward letters, etc.

10.8 DRAFTS

10.8.1 Use of abbreviations

Assistants and Section Officers are not to abbreviate words, designations, and names of districts and place in drafts.

On the top of every draft there should be a brief docket of the subject-matter of the letter. Drafts should be worded as clearly and as concisely as possible, and the relevant instructions should be strictly observed. Each draft should contain clear and complete directions in regard to the names and designations and address of the addressees and the number and particulars of the enclosures. The dealing assistant is responsible for furnishing this information.

In preparing draft the practice of forwarding copies of voluminous correspondence to other departments should be discouraged. The section concerned should make compact and self-contained summary of such correspondence stating the case, the decision reached and where necessary, the action to be taken by the recipients. Even when it is essential to forward actual copies of the correspondence, the covering letter or office memorandum should contain such a summary and indication of the action to be taken, if necessary.

10.8.2 Drafts to be initialled by Section Officer :

The Section Officer is not required himself to prepare the note or draft in every case, but he should satisfy himself that the noting and drafting of his subordinates are accurate and complete. All letters, cases etc.,

for orders must pass through the Section Officer of the Section, who will initial all notes and drafts by subordinate staff.

10.8.3 Section Officer's responsibility for drafts written by-Officers-

When the Vice-Chancellor, Registrar or any other officer drafts a letter himself, it must be understood that the Section Officer of the department concerned is responsible for the correctness of any facts the Vice-Chancellor, Registrar or any other officer may state, just as if the letter was drafted by the Section Officer himself. Section Officers are also responsible for bringing to notice any orders of Government of India, University Grants Commission or any other authority which the Vice-Chancellor or the Registrar or the Officer may have accidentally over-looked. Any draft, which is altered by the Vice-Chancellor or Registrar should be invariably returned to the department to which it belongs before it is handed over to the copying department.

10.9 SIGNATURE OF LETTERS

- (i) Ordinary letters should be signed by the Officer-in-Charge of the section or by the Group officer in case the branch officer considers that the letters are important enough to be sent over the signature of the Group officer.
- (ii) When some policy decisions are to be taken, the letters in that connection should be signed by Registrar/Officer on Special Duty/Finance Officer/Head of Department and may also be shown to the Vice-Chancellor, if Registrar (Officer on Special Duty/Finance Officer considers it proper.
- (iii) In order to afford certain amount of relief to the officers in charge of the sections and to facilitate prompt disposal of business, the Section Officers are authorised to issue certain routine correspondences under their own signature signing for the Officer-in-charge. A list of papers which may be issued under the Section Officer's signature is given below :

10.10 REGISTER OF PENDING CASES

A register of pending cases should be maintained in each section in the following form :

| Date | Particular of the letter or memo kept pending | Short sub-ject | When to be taken up | Date of the final dis-posal | Initial of the Section Officer |
|------|---|----------------|---------------------|-----------------------------|--------------------------------|
| (1) | (2) | (3) | (4) | (5) | (6) |

The register should be submitted to the Officer- in-charge on the first Monday of each month.

10.11 REGISTER OF REMINDERS, TELEGRAMS, EXPRESS LETTERS RECEIVED

In -order to watch the disposal of reminders and telegrams including express letters received in the University, a register will be maintained in each section in the following form :

| Sl. No. | Whether telegram or express letter of reminder | Date of receipt | From whom received | Brief subject | How disposed of | remarks |
|---------|--|-----------------|--------------------|---------------|-----------------|---------|
| (1) | (2) | (3) | (4) | (5) | (6) | |

The register will be submitted to the Head of the Department through the Officer-in-charge every Monday. The reminders, telegrams, express letters will be entered in this register in the order of their receipt.

10.11.1 In order to keep track of the reminders and to watch that these are promptly dealt with, the following instructions should be followed in addition to those in para 10.11.

- (i) The register for telegram, express letter, and reminder should be submitted to the Branch Officer every Monday and Thursday to enable him to see to the early disposal of the outstanding cases.
- (ii) Second and third reminders should invariably be submitted to the Head of the Department with the register and the original case within two days of the receipt and while submitting the Register twice a week to the Branch Officer, the section officer should state whether second and third reminders were received during the period and whether these were submitted to the Head of Department.
- (iii) Section Officers and Branch Officers will ensure that provisions of above para are followed strictly. Serious note will be taken of any breaches of the same. The due dates of submission of the Register to the Branch Officer and Head of Department should be noted in the Calendar of Returns.

In order to ensure that adequate and prompt action has been taken on original letters received from the Government of India and the University Grants Commission, such letters should be filed only under the initials of the Branch Officer concerned. In addition, all reminders from whom-so-ever received should be filed only under the initials of the Branch Officer concerned. Branch Officers, before doing so, should satisfy themselves that –

- (a) whether proper and complete action, as necessary, on the part of the office, has been taken to dispose of the case ; and
- (b) delays in the office are investigated and responsibility fixed.

10.12 CALL FOR COPIES OF PAPERS, ETC. FROM OTHER OFFICE

No letters or reminders to letters calling for a copy of orders or of letters or other documents from Government or from University Grants Commission should issue from any section of the University without being first enquired from the central diary and a certificate of non-receipt of the document in question obtained. Such requisition should be made under the signature of an officer, who should put a stop to unnecessary references and, if possible, direct his section to search the books of record for the desired information.

Letters more than two years old must be searched for by the sections concerned from the books kept by the Old Record.

The Section Officer of a section, despatching such a call, will be held responsible for seeing that this is done, and no excuse will be accepted for non-compliance with the above procedure.

10.13 CALL FOR ACKNOWLEDGEMENTS

The practice of calling for an acknowledgement of letters in petty routine matters should be discontinued - as it causes unnecessary increase of work in both offices.

10.14 CALL FOR PAPERS BY OFFICERS

When papers and back references are called for by an officer or a query is raised by him, the Section Officer will ensure that the call is obeyed at once. He must examine the information or papers before submission in order to see that nothing is wanting and will report to the officer concerned (through his own Branch Officer, if necessary) the reason for any delay, if the call cannot be promptly or speedily complied with.

10.15 RETURNING OF DOCUMENTS

The return, in original, of vouchers is objectionable as such document-S, once received in the office, should never, as a rule, be parted with. No voucher, may, therefore, be returned unless it is absolutely necessary to do so, for purposes, such as for instance in the following cases :

- (a) want of drawer's signature in bills,
- (b) want of signature to Life Certificates attached to salary or pension bill.

10.16 TELEGRAMS

10.6.1 Telegrams should be issued only in cases of real urgency where express letters are not expected to serve the purpose equally well.

10.6.2 No message regarding leave, pay, promotion, appointment or other matters of a private character should be sent by telegram unless it is perfectly clear that the interest of the University will be adversely affected if the message is not sent by telegram.

10.6.3 Post copies of telegram should be made and despatched on the same day under the signature of the Section Officer concerned.

10.6.4 When a repetition of an official telegram is asked for, no transmission charge is required to be paid in the first instance. Necessary charge will be recovered only when the repetition reveals no error on the part of the Telegraph Department.

10.17 STANDARD FORMS

To minimise clerical work and to facilitate quick issue of calls for information as well as reminders, printed standardised forms meant for the purpose should be made use of.

CHAPTER 11

OFFICE PROCEDURE

11.1 DISCONTINUANCE IN OFFICIAL DOCUMENTS OF TITLES CONFERRED ON INDIANS

The Government of India have decided, in supersession of all previous orders on the subject, that with the exception of hereditary titles and award for act & of gallantry conferred upon Armed Forces Personnel, no reference should hereafter be made in official documents to titles against the names of any Indians.

It is not proposed that titles should be surrendered, only their use in official documents should be stopped.

(Government of India, Ministry of Home Affairs, letter No. F.15/148/49 Public dated the 13th July, 1949)

11.2 APPEALS TO THE VICE-CHANCELLOR FROM SUBORDINATE - STAFF

Assistant/Clerks and others who wish to make a personal representation to the Vice-Chancellor will obtain permission to do so from the Section Officer in charge of their respective sections. The Section Officer will verify all facts referred to in the representation and record his own opinion. He will then submit the case to the Officer in charge of the section concerned who will similarly record his opinion and send papers to the Vice-Chancellor through Registrar.

11.2.1 SUBMISSION OF MEMORIALS DIRECT TO THE CHAIRMAN, UNIVERSITY GRANTS COMMISSION AND SECRETARY TO THE GOVERNMENT OF INDIA, MINISTRY OF EDUCATION AND CULTURE

Petitions and memorials, ordinary or telegraphic, addressed direct to the Chairman, University Grants Commission or Secretary to the Government of India, Ministry of Education by the members of this office, besides contravening the rules regulating their submission to higher authorities, throw unnecessary work on these offices and therefore, it should be clearly understood that no action shall be taken on such petitions, etc.

11.2.2

Relatives of an University servant sometimes make representations concerning service matters affecting the University servant. This is done in some cases in hope of reviving a representation which the University servant had himself made and which had been turned down. In some cases, this procedure is resorted to in order to get round the requirements, that the University Servant should submit his representation through his official superiors. The practice is obviously undesirable, and should be strongly discouraged. It has accordingly been decided that no notice should be taken of a representation on service matters submitted by a relative of an University Servant. The only exceptions

may be cases in which because of the death or physical disability, etc. of the University Servant, it is impossible for the University Servant himself to submit a representation.

11.2.3

Appeals/petitions etc. made in terms of the provisions of the conduct rules have necessarily to be forwarded to the authorities concerned and cannot be withheld under any circumstances whatsoever.

11.2.4

Whenever in any matter connected with his service rights or conditions, an University Servant wishes to press a claim or to seek redress of a grievance, the proper course for him is to address his immediate official superior, or the Head of the Office, or such other authority at the lowest level, as is competent to deal with the matter.

11.2.5

An appeal or representation to a higher authority must not be made unless the appropriate lower authority has already rejected the claim or refused relief or ignored or unduly delayed the disposal of the case. Representation to still higher authorities (e.g. those addressed to the Visitor, the Government or to Ministers) must not be made unless all means of securing attention or redress from lower authorities have been exhausted, even in such cases, the representation must be submitted through proper channel.

11.2.6

Appeals, representation and pressure from external sources will be taken serious note of.

11.3 SEEKING REDRESS IN COURTS OF LAW BY UNIVERSITY SERVANTS OF GRIEVANCES ARISING OUT OF THEIR EMPLOYMENT OR CONDITIONS OF SERVICE

In the matter of grievances arising out of a University Servant's employment or conditions of service, the proper course is to seek redress from the appropriate Departmental and University authorities. Any attempt by an University servant to seek a decision on such issues in a Court of Law, (even in cases where such a remedy is legally admissible) without first exhausting the normal official channel of redress, can only be regarded as contrary to official propriety and subversive of office discipline and may well justify the initiation of disciplinary action against the University servant.

(Based on Government of India; Ministry of Home Affairs, O.M. No. 25/52/52/Ests. dated the 11th October, 1952.

11.4 COMPLETION AND DESPATCH OF RETURNS AND OTHER REPORTS RELATED TO MEETINGS OF THE UNIVERSITY COMMITTEES AND OTHER IMPORTANT WORKS IN CONNECTION WITH THE STUDENTS, TEACHERS AND STAFF WHICH FALL DUE DURING THE HOLIDAYS

All works of the nature mentioned in the subject which fall due within the holidays must, if possible, be despatched/completed by the evening of the last working day. If in any case this cannot be done, the Assistants concerned must attend office during such portion of the holidays as will be required to complete the work and send them out on the prescribed due dates, and Section Officers must make necessary arrangements for this being done.

11.5 DESPATCH OF FAIR COPIES OF DRAFTS AND STATEMENTS BEFORE HOLIDAYS

Fair copies of all drafts and statements, passed by 12 noon or letters passed later (but marked "issue To-day" under the signature of the officer) on the last working day, must go out on that day, specially those addressed to officers in the University Grants Commission and Government of India. If, in any case, the officer concerned has left the office before the fair copy is prepared, it should be sent to his residence ; but if the officer has left the station, it should be submitted for signature to the next senior officer, who may be in office or at the station at the time, who will sign 'for' the other officer.

11.6 ARRANGEMENTS FOR DELIVERY OF TELEGRAM AND OPENING AND DISTRIBUTION OF DAK AND DISPOSAL OF URGENT LETTERS DURING HOLIDAYS

16.6.1 Prior to commencement of long holidays, namely Durga Puja/Winter Vacations etc. when the University office also generally remains closed for a number of days, the Registrar in consultation with other officers shall assign to some officers roster duty to receive telegrams/ and other letters addressed by name to officers by their official designations. The telegrams and letters shall be opened by the officer on duty during holidays and arrangements for the disposal of urgent letters made in consultation with the concerned officer if he is in station or in consultation with the senior-most officer in station. To assist the officers assigned roster duties, a group of Section Officers of all the wings of the Central Registry shall also be placed on roster duty. The addresses of all such officers, remaining in head quarters during holidays should be kept on record before the commencement of holidays to guide the Section Officers in the disposal of the telegrams! letters. Two or three Class IV employees may also remain attached with the officer on duty during holidays.

16.6.2 Letters addressed by name and marked confidential/ secret may not be opened by the officer on duty and should be handed over to the addressee.

16.6.3 The name and address of the officer on duty will be communicated to the Post Master, B.H.U. Post Office with the request to deliver the telegrams and other official dak to the duty Officer of the Central Registry.

16.6.4 Institutes, Faculties, Colleges and Schools of the University shall also make similar arrangements to ensure prompt disposal of telegrams and other important letters received when offices are closed for a few days.

11.7 DOUBTFUL POINTS

As a general rule, in important matters, verbal orders should be avoided as far as possible. Wherever, therefore, a case arises in which there is any room for doubt, a brief precis of the matter should be put up on the prescribed note form through the Section Officer to the Officer-in-Charge of the Group for orders.

11.8 MARGINAL REMARKS ON OFFICE NOTES

In drawing up notes on cases, marginal remarks will be made by members of the office establishment only when it is required :

- (i) to draw the attention of the officers to points which have for good reasons not been treated in the body of notes, and
- (ii) to invite reference to papers, etc. in the file or to passages therein. Such remarks will be made in ink. They must not be in pencil.

Enquiries and instructions between the assistants in a section will be made and issued on buff sheets for routine noting. These slips will not form part of the papers but will be removed before the office notes are submitted for orders. Under these orders, pencilings are strictly interdicted and notes will contain no marginal remarks that are unnecessary for the officers to give decision on the issue.

11.9 SECTION OFFICER'S RESPONSIBILITY FOR DISPOSAL OF PAPERS

- 11.9.1 The Section Officer is held responsible for the disposal of papers from the time they reach him until they are finally disposed of. His responsibility does not cease if the case is temporarily made over to another section with a requisition. His duty is to keep the case in view all through and to bring to notice any undue delay in compliance with requisitions.
- 11.9.2 All references received from the University Grants Commission and the Government of India should be acknowledged within two days of receipt.
- 11.9.3 The Branch Officers must always make it a point to, call for and see any letters from whomsoever received which are three weeks old in the weekly reports of outstanding letters of the sections.
- 11.9.4 Reminders received from the University Grants Commission and Government of India should be put up immediately to the Head of the Office together with connected papers and any other information available, for his perusal and orders. The submission of the reminders must not be delayed in the hope (often not realised) of putting up final disposal soon.
- 11.9.5 A Section Officer, before passing a letter on to another section, must take all action necessary on it in his own section, so that the Section Officer of the last section receiving it, will be justified in assuming that it has been completely disposed of in the other section.
- 11.9.6 This does not mean that each section should issue an independent report or reply to the letter, dealing with its own portion alone but should pass

on to the next section with all its portion of the material necessary for the final disposal attached ; ordinarily the last section dealing with the letter will issue the consolidated report or reply. If, in any case, this causes an , obviously unfair distribution of work to a section only remotely concerned in the matter, it is in the discretion of officers to direct some other section to dispose it of.

11.9.7 It is absolutely necessary that on receipt of the daily dak, the Section Officer of the section should himself see, initial and date all letters. He should on the margin of each letter, which is not purely of a routine nature, pass suitable instructions as will ensure prompt and proper attention being paid to it.

11.9.8 The following should be observed in connection with the documents received in a section-

- (1) Every letter, express or ordinary Telegram or any other documents coming into a section must be seen first by the Section Officer of the section.
- (2) If the Section Officer notices that his Branch Officer has not seen the letter, it will be his duty, to send the letter to his Branch Officer forthwith for him to see.
- (3) If the section Officer is absent on Casual Leave, the Senior Assistant's initials may be taken and a note made by the Senior Assistant that the Section Officer is absent. It will then be the Senior Assistant's duty to show to his Branch Officer as at (ii) above.
- (4) On return from Casual Leave, it will be the Section Officer's duty to ascertain what letters, etc. were received in his section during his absence.

11.9.9 It is of utmost importance that Branch Officers and Section Officers should know exactly what has been received in their Sections at the earliest opportunity.

11.10 MANNER IN WHICH OBJECTION SHOULD BE RAISED BY INTERNAL AUDIT OFFICE

The following instructions are laid down for general guidance with regard to the manner in which objections should be raised by the auditors in the I.A.O.'s Office :

- (i) First of all, the language of all documents leaving' the office should receive special attention. Politeness is never inconsistent with firmness.
- (ii) Secondly, all the documents should be neatly and legibly written and where there are fair copies of documents approved by the Officers it should be seen that they are true and complete copies.
- (iii) Thirdly, except under special orders of the Internal Audit Officer no objection should be raised which cannot be supported by the clear rules or established practice. As far as possible, rules bearing on the point should be quoted. Internal Audit Officer and Section Officers should see that their auditors. make themselves familiar with the rules bearing on their assigned tasks.

- (iv) Fourthly, changes of procedures should not, unless specially ordered by the Finance Officer (or by the Internal Audit Officer) be authorised in audit notes and objection statement, nor should new interpretation of rules be endorsed through these documents. All such questions should first be discussed fully in the Department concerned, and orders of the Finance Officer or the Internal Audit Officer, as the case may be, should be obtained thereon before communication is issued for the guidance of any executive officer or officers.
- (v) Fifthly, sometimes remarks have to be made in audit notes and other documents which are meant primarily for the information of the Disbursing or Controlling Officers and the final settlement whereof does not rest with Internal Audit Officer's office in any form. The language of such remarks should make it clear that the irregularity, or the transaction is brought to the notice of the Disbursing/Controlling Officer for such action as he may consider necessary. Where it is not clear that a certain proceeding has been authorised, or approved of, and such authority or approval is necessary, the audit remarks should simply ask the necessary question. It should not take the form of a call for explanation or of a request that the explanation of the subordinate should be obtained/forwarded. Further follow up action is the responsibility of the executive and all that the Audit needs to see is that matters requiring their approval or sanction have been brought to their notice and that necessary sanctions have been accorded.
- (vi) Sixthly, auditors and others should clearly understand that their capacity as auditors will not be judged by the number of remarks in their objection statements, but by the results of the reviews on their work. There is a tendency on the part of some to increase the number of remarks unnecessarily, and this should be discouraged. Instead of half a dozen remarks, pointing out similar irregularities in vouchers and other account records, a single paragraph detailing all instances is preferable. Calls for copies of documents should not be too freely indulged in; in many cases the required documents which are already in I.A.O.'s office have been called for not once, but several times. No copies should be called for unless by personal enquiry it has been ascertained that the original document has not been received, and that the copy is essentially necessary for audit purposes.

11.11 CALENDAR OF RETURNS

- 11.11.1 Every Section Officer will maintain a Calendar of Returns in form No. O.P.M. 5 showing all the statement, returns, accounts etc. due from his section with the date fixed for their despatch or submission according as they are weekly, fortnightly, monthly, quarterly, half-yearly or annual, arranged according to dates i.e. all those monthly returns which are due on the first of each month should be entered first and then those due on subsequent dates.
- 11.11.2 The Calendar of Returns shall be maintained by the Section Officer himself and submitted to the immediate superior officer every week on Mondays and to the Head of the Department on the first of every month. In the case of delay in submission of any return, suitable

explanation for delay shall be given for information of the officer-in-charge.

11.12 TYPED FAIR COPIES OF DRAFTS

Examination of typed fair copies of the drafts shall be done by the assistant concerned who originated it and he shall be responsible for correctness of facts and figures mentioned therein. He will also put his initial on the fair copies before it is submitted to the officer concerned for signature.

11.13 QUARTERLY PROGRESS REPORT ON THE STATE OF WORK OF SECTION

11.13.1 Rule 2.2.3 refers to the submission of report on the state of work as it actually stands on the last day of each quarter i.e. for the quarter ending 31st March, 30th June, 30th September and 31st December and to submit them to the Officer-in-charge of the section.

The quarterly report should continue to be in the form of descriptive memo bringing out the state of affairs in each of functional group or sub-group. It should specify only the items of work which are in arrears and in which the quantum of arrears exceeds 15 Mondays, the reasons for such arrears, steps taken to reduce them and the time likely to be taken to clear the arrears briefly indicated.

11.13.2 Each quarterly report should be accompanied by the following annexures :

Annexure I Inspection reports outstanding for over six months (for I.A.O.'s office only).

Annexure II The amounts held under objection for over six months (for Trade Bill Section-Finance, only).

Annexure III Arrears in correspondence.

Annexure IV Statement of arrears in terms of Mondays.

11.13.3 Any other items of work which the Section Officer considers necessary to bring to the notice of his Branch Officer through the arrear's report.

11.13.4 The dates prescribed for submission of the quarterly reports as in rule 2.2.3 should be strictly adhered to.

11.14 DATING OF INITIALS

Whenever it is necessary for any one to initial any document or register, the initials must invariably be dated.

Officers, at times, may use their discretion as to when it is necessary to date their initials, but should be careful to see that the order is strictly observed by their subordinates.

CHAPTER 12

OFFICE DISCIPLINE

12.1 SANCTION OF CASUAL LEAVE TO OFFICERS

- 12.1.1 Heads of Department in the Central Office shall sanction casual leave to the Officers working under them. In case of Institutes and Faculties, Directors and Deans shall be the competent authority to sanction casual leave to the Administrative Officers working under them. The casual leave account of the Officers in the Central Registry shall be maintained in the Administration and by Directors and Deans in respect of the Officers working under them under intimation to the Administration.
- 12.1.2 Officers, who propose to come late or leave office early should obtain necessary permission from the competent Officer, i.e. the officer competent to grant them casual leave. ,
- 12.1.3 In -case of statutory officers, however, the application for grant of casual leave and extension thereof will be submitted directly to the Vice-Chancellor/Registrar who will pass necessary,prders in regard to the distribution of officer's charge. They will also take permission of the Vice-Chancellor/Registrar, if they desire to come late or leave office early.
- 12.1.4 The maximum amount of casual leave admissible to the staff serving in the University shall -be 15 days in an academic year that is from July to June. 12.1.5 Sanction of casual leave to the Section Officers, Assistants and other staff of the Sections/Groups shall be accorded by the Officers-in-charge of the Sections/ Groups subject to the condition that the total number of days of absence at a time on casual leave plus sundays or closed holidays either prefixed or suffixed or both and/or falling within the period of casual leave shall not exceed 10 days.

12.2 ADDRESS OF OFFICERS ON LEAVE

When an Officer goes on leave the address at which the communications will find him should be intimated' s to the officers who are competent to sanction their leave. Any change in the address should also be intimated to the said officers.

12.3 RULES OF ATTENDANCE

The office hours are presently from 10.30 a.m. to 5.00 p.m. without lunch break. These are the ordinary hours of attendance but when any one is,required in the interest of the University service to work over-time or on holidays, it must be done as a part of his regular duties. The Officersin-Charge may direct the attendance of any subordinate till 6.00 p.m. or beyond, if necessary.

12.4 PUNCTUALITY IN OFFICE-GRANT OF HALF DAY'S CASUAL LEAVE

- 12.2. It has been found that, in many offices late attendance, with or without permission is frequent. While occasional late attendance due to unavoidable reasons namely, illness in the family, cycle puncture, late running of buses/trains etc., may be condoned, there is no justification for frequent late attendance for these reasons. In fact, frequent late attendance even with prior permission is not conducive to efficient transaction of work. It has accordingly been decided that half day's casual leave should be debited to the casual leave accbunt of an University servant for each late attendance, but late attendance upto an hour, on not more than two occasions in a month may be condoned by the competent authority, if he is satisfied that it is due to unavoidable reasons like. those mentioned earlier. In case, such a course does not ensure punctuality of the University servant, suitable disciplinary action may be taken against him in addition to debiting half a day's casual leave to his casual leave account, on each occasion of his late attendance.
- 22.2. It is understandable that there may be occasions on which an University employee may have some urgent, type of work which does not require a full day's casual leave, namely, when he has to go to railway station to receive a friend or a relative or to a dispensary to have himself or a member of his family treated. It has been decided that in such cases, half a day's casual leave, if app ied for by the University servant, may be granted to him and the existing practice of allowing an University servant to attend office late, i.e. practice of late coming with permission should cease forthwith.
- 32.2. The University employee may have some urgent private work in the afternoon which does not require a full day's casual leave. If he desires half-a-day's casual leave in the afternoon, it may be granted and the existing practice of leaving office early with permission dispensed with.
- 42.2. For the grant of half day's causal leave the dividing line should be (i) if a person takes half day's casual leave for forenoon session, he is required to come office at 2.00 p.m., (ii) if a person takes leave for afternoon session, he can be allowed to leave office at 1.30 p.m.
- 52.2. In view of the orders contained in the preceding paragraphs, the balance at credit in the casual leave account of some University servants may be in terms of full day or days' casual leave plus a half-day. In such cases, there is no objection to the grant of half day's casual leave, in conjunction with full day or days casual leave, if so applied for. Likewise, even when the casual leave at the credit of an University servant is in terms of a full day or days, there is no objection to the grant of half-day's casual leave in conjunction with full day or days casual leave, subject to the condition that the total number of casual leave that can be normally granted at a time is not exceeded.
- 62.2. In the case of an University employee who, having exhausted his casual leave, attends office late upto one hour at a time for unavoidable reasons mentioned in sub-para (1) above, such late attendance may be condoned on not more than two occasions in a month. If, however, he attends office

late on subsequent occasion(s) in the month, disciplinary action may be taken against him.

72.2. As no orders regarding punctuality would be fully effective, unless strict measures are taken for their enforcement, Section Officers / Supervisory Officers should be very particular in scrutinizing the attendance registers. (Based on Government of India, Ministry of Home Affairs, O.M. No. 60/17/64-Esstts. (A) dated 4th August, 1965)

82.2. As casual leave cannot be combined with regular leave, a question has been raised as to how half day's casual leave, availed of by an officer in the afternoon is to be treated, if the officer has no further casual leave to his credit but is unable to resume duty on the next working day due to sickness or further compelling grounds and has to avail of regular leave to cover his absence for that working day.

The position is that, since casual leave cannot be combined with regular leave, an officer who has only a half day's casual leave to his credit should satisfy himself that he would be in a position to attend office on the next working day before he avails of half a day's Casual leave in the afternoon. Nevertheless it is possible, in some cases, that an officer who avails of half day's Casual leave in the afternoon may be unable to resume duty on the next working day because of unexpected illness or some other compelling grounds and is thus constrained to take leave for that day.

After careful consideration of the matter, it has been decided that the officer referred to in above para may, as an exception to the general rule, be permitted to combine half-a-day's Casual leave with regular leave if this absence on the next working day was due to sickness or other compelling grounds.

Those who have only half-a-day's Casual leave at their credit and who will not attend office on the next working day having already applied for leave of the kind due and admissible to cover their absence for that working day and for subsequent days, if any, should not be allowed the last half-a-day's casual leave for the afternoon.

(Based on Government of India, Ministry of Home Affairs, O.M. No. 60/45/65/Ests. (A) dated, the 4th February, 1966)

12.5 PUNCTUALITY IN OFFICES

12.5.1 The following measures may be taken for enforcing punctuality in the office : .

- (i) The Section Officers should close the Attendance Registers promptly at ten minutes past the prescribed time and submit the register to the Branch Officer after making a circle in red ink against the name of those who have not come by that time.
- (ii) The late comers should be asked to initial indicating the time of arrival, in the Branch Officer's room vsr- here the attendance register would be available.
- (iii) The Branch Officer should ensure that all the attendance registers reach them from the respective Sections well in time.

- (iv) The Branch Officers should also put their dated initials against his name in the Attendance Register to be written at the bottom of the page.
 - (v) The Group Officers should carry out surprise checks of one or two sections daily to see that the procedures of closing the attendance register is being followed scrupulously.
- 12.5.2 Half-a-day's Casual Leave should be debited to the casual leave account of an University servant for each late attendance but the late attendance upto an hour, on not more than two occasions in a month, may be condoned by the competent authority (the authority who is competent to grant casual leave of the employee) if he is satisfied that this is due to unavoidable reasons. In case such a course of action does not ensure punctual attendance, suitable disciplinary action may be taken against the University servant in addition to debiting half-a-day's Casual leave to his casual leave account on each occasion of such late attendance.
- 12.5.3 Strict measures should be taken by the administrative authorities for enforcement of punctuality and Section Officers and Supervisory Officers should be more particular in scrutinising the attendance registers.
- 12.5.4 Surprise daily checks should be carried out in Sections under the direct supervision of a senior officer.
- 12.5.5 Habitual non-observance of scheduled hours for attending office is highly objectionable and will amount to lack of devotion to duty, thus attracting rule 2 . 1(b) of the Conduct Rules of B. 1-Conduct, Section II in Chapter IV of Calendar Part-I, Volume-I.

Note : The instructions contained in this rule shall be made applicable mutatis mutandis to offices where the "Office hours" differs and the Attendance Registers in these Offices should be closed promptly at ten minutes past the prescribed time of attendance and the Register will be submitted to the Branch Officer after making a circle in red ink against the names of those who have not come by that time.

- 12.6 CUSTODY OF ATTENDANCE REGISTER AND CASUAL LEAVE REGISTERS
- 12.6.1 If Attendance Registers and Casual Leave Registers are not kept under proper custody in the Sections, they are open to risk of manipulation, and even of loss of pages.
- 12.6.2 With a view to avoiding such risks, these registers should always be kept under lock and key under the personal custody of the Section Officer/Incharge of the Group on whose table and in whose presence only the assistants should initial the Attendance Register on coming to office ; Section Officers/Incharge of the Group will be held personally responsible in cases of loss or manipulation.
- 12.6.3 The attendance registers should be closed monthly and the amount of casual leave taken during the month and since the beginning of the casual leave year should be agreed with entries in the casual leave register which should always be kept up-to-date.

12.6.4 The cross mark for late attendance should be made clearly and in red ink. If it is subsequently treated as Casual Leave, it should be marked as such prominently. Holidays should be shown as such. No column should be left blank in the register.

12.7 USE OF ELECTRIC LIGHTS AND FANS

12.7.1 Utmost economy should be exercised in the use of electric lights and fans. Unnecessary waste of energy should be avoided.

12.7.2 The Grade IV staff attached to Officers as also the users of the premises are responsible to switch off the fan and light when they go out of the room, even temporarily.

12.7.3 At the close of the office the last person leaving a room should switch off all the lights and fans. It should be the duty of the Chowkidars also to make sure before closing the doors that no lights or fans are on.

12.7.4 No one should meddle with the electrical installation or accessories. In case any light or fan is not working a report should be made forthwith to the Office of the E. W. S. Engineer.

12.8 DISMISSAL FOR INCOMPETENCY AND MISCONDUCT

Every employee in the office has clearly to understand that inefficiency, misconduct, irregular attendance and indebtedness may at any time lead to his degradation or removal from the office.

12.9 MISCONDUCT OF STAFF

It is the duty of every Section Officer to bring to the notice of the Registrar immediately any disorderly conduct, irregular habit, or insubordination on the part of any assistant in his Section, and, as soon as the matter has been investigated, to submit a full report through the Officer-in-Charge for the orders of the Registrar.

12.10 PROHIBITION OF PUBLIC SERVANTS FROM BIDDING (EITHER PERSONALLY OR BY PROXY) AT GOVERNMENT AUCTION

A question has been raised whether a specific provision should be added to the Central Civil Services (Conduct) Rules 1955, regarding participation by Government servants in auctions of property owned or confiscated by Government. Even if the transaction is in fact free of any element of undue influence or dishonesty, the suspicion that all is not above board is bound to arise in cases where property sold at Government auctions is purchased by Government Servants, particularly by buyers belonging to the same Ministry or Department as the one by which or under whose orders the auction is conducted. While, thereafter, it may not be necessary to frame a specific Conduct Rule for the purpose, it is obviously undesirable for Government servants to bid at auctions arranged by their own Ministries or Departments. Any Government Servant who does so would be regarded as indulging in Conduct unbecoming a Government within the meaning of the Conduct Rules.

(Authority : Government of India, Ministry of Home Affairs O.M. No. 25112/57-Ests(A) dated, the 21st January, 1958)

Instructions contained in the Government of India orders shall be made applicable *mutatis-mutandis* for bidding (either personally or by proxy) by University servants at University auction.

12.11 INVESTIGATION OF CHARGES OF MISCONDUCT

Departmental enquiries into the conduct of University servants are not being done, in several cases, according to the prescribed procedure laid down in this regard in the Conduct Rules. The most common defects of procedures observed are—

- (i) that officers frequently fail to comply with pre scribed procedure requiring a written charge and a written defence in respect of each offence ;
- (ii) that after framing charges they often fail to give a specific finding on each charge ; and
- (iii) that sometimes they do not even discuss the charges framed but confine their remarks on the whole case to some major charges which has not even been framed against the person who is the subject of the enquiry.

Departmental enquiries should, therefore, be conducted in conformity with the spirit of the Conduct Rules so as to avoid the defects of procedure mentioned above and any other similar defects.

12.12 ADMISSION TO OUTSIDERS IN OFFICE

Neither the Section Officer nor any Assistant should directly deal with a visitor on official business in the University unless authorised to do so by the Branch Officer. Outsiders who wish to see an employee on some private matter are not allowed to enter the sections. The employee may, however, meet the visitor outside the section.

12.13 LOITERING AND GOSSIPING IN THE CORRIDOR

The practice of loitering about and talking in the corridors and verandahs, particularly near the rooms of the Officers, is most objectionable, and any one found indulging in the practice without just reason will be punished.

12.14 DISCLOSURE OF OFFICIAL INFORMATION TO NON-OFFICIAL PERSONS

No Section Officer or Assistant should approach any members of the legislatures with a view to having his individual grievances made the subject of interpellations in the Assembly/ Council, as this entails the disclosure to non-official persons of information obtained from official sources. Any such disclosure is a breach of University Servant's Conduct Rules and will be seriously dealt with.

CHAPTER 13

CODES AND MANUALS

13.1 ISSUE OF CORRECTION SLIPS

13.1.1 Deputy Registrar (Admin.)I shall be responsible for updating Calendar, Part-I, Volume-I, and “Office Procedure Manual incorporating the resolutions of the Executive Council which require to be brought into these books. Deputy Registrar (Academic) and Deputy Registrar (Accounts)-I shall similarly be responsible to keep the Calendar, Part-I, Volume-II (now Calendar, Part-VI) and other parts of Calendars and “Accounts Rules” up-to-date incorporating therein the resolutions of the Executive Council concerning Academic and Accounts matters respectively. The work of regular issuance of correction slips be done through some section under them and Section will maintain a “Register of Corrections” for each book.

- (a) The Heads of Offices will note “Manual” on such letters when they see them in the ‘Dak’ and Section Officers, through the Branch Officers, will be required to bring to notice any letter in which the Heads of Offices has apparently omitted to make such a note.
- (b) Before such a letter is filed, a draft correction should be prepared and put up to the Head of the Office concerned for approval and placement before the Executive Council. The Executive Council Section will be responsible to ensure that ”corrections” duly approved by the Executive Council are received by Deputy Registrar (Admin.)-I, Deputy Registrar (Academic) and Deputy Registrar (Accounts)-I promptly quoting therein the Executive Council Resolution number and date as authority.
- (c) No file orders should be recorded on a letter on which ‘Manual’ is inscribed unless it is certified that necessary correction has been drafted and entered in the “Register of Corrections” and placed before the Executive Council for approval.

13.1.2 Copies of corrections duly approved by the Executive Council should be kept in a file (separate file for each book) date-wise. The Section Officer will arrange to send the “corrections” to press on first week of October and first week of April for printing. Printed copies of the correction slips, on receipt from the Press, shall be distributed to all Departments and Sections of the University for bringing their copies of Calendars/Manuals etc. up-to-date. Section Officers shall be responsible to see that the correction slips to the books supplied to their offices are pasted therein as soon as possible after their receipt.

13.2 SUPPLY OF DEPARTMENTAL CODES ETC.

Normally all Codes, Manuals of the University shall be printed and published by the B.H.U. Press. As B.H.U. Press is required to function on commercial lines, such Codes/Manuals should be priced publications. The prices of the books issued to different Departments as per their requisitions will be adjusted by debiting the cost to the Departments *per contra* credit to the B.H.U. Press.

CHAPTER 14

DESTRUCTION OF RECORDS

- 14.1 The records of the office are due for destruction OD expiry of the periods noted against each in the Annexure-to this Chapter. Records separated for destruction are to be actually destroyed only after the orders of a responsible Officer have been passed in accordance with the executive orders in force from time to time.
- 14.2 As letters will be filed according to the periods of their preservation, while opening new files the year of destruction for each file should be marked on the cover in bold letters. Unless this is done, Record Section should not accept the correspondence files.
- 14.3 The main principles which should guide the destruction of records should be that so long as an objection is outstanding and the accounts have not been completely checked and accepted in audit, they and the supporting documents should not be destroyed even though the period of preservation as per the relevant rules may have expired.
- 14.4 Where any objection is outstanding, accounts records of all kinds, in connection therewith, should not be destroyed until the whole position has been reviewed by or under the orders of the Finance Officer and decision is taken as to the earliest period upto which the accounts could safely be destroyed.
